Prekės kodas: 43084

# 438.00€

The Gembird EnerGenie EG-UPSO-RACK-2000 serves as a reliable online UPS, designed for performance and protection. With a power capacity of 2000 VA, this device ensures uninterrupted power supply to essential equipment, safeguarding against voltage fluctuations and outages.

Featuring a quick recharge time of 3 hours, this UPS is equipped with an LCD display to monitor status and performance efficiently.

Its robust design includes multiple safety features such as overcharge protection, short-circuit protection, and lightning surge protection. Operating within a broad temperature range of 0°C to 40°C and a humidity range of 10% to 90% RH, this device is suitable for diverse environments. The Gembird EnerGenie EG-UPSO-RACK-2000 includes a USB management interface for remote management, making it an ideal choice for any rack-mounted system requiring a dependable power supply solution.
