Boya BY-BM3030 on-camera microphone

The Boya BY-BM3030 is a shotgun microphone designed specifically for professionals and enthusiasts who want precise audio recording. Ideal for use with video cameras, DSLR cameras and portable audio recorders, the BY-BM3030 provides clear and crisp sound that enhances any production. Its easy operation and rugged construction make it a reliable tool for both outdoor and studio work.

Precise supercardioid characteristic

Thanks to its supercardioid directional characteristic, the microphone focuses on the sound source, eliminating most interference from the side and rear. This design makes the BY-BM3030 an ideal choice for capturing dialogues, interviews and sounds in dynamic environments such as reportage

and field recordings.

Reliable construction and lightweight housing

The microphone is made of high-quality materials, which ensures its durability and resistance to damage. At the same time, it is lightweight, making it easy to use without putting unnecessary strain on your equipment. The built-in anti-shake mount effectively eliminates vibration and noise from camera movements.

Long working time

The Boya BY-BM3030 is powered by two AA batteries (not included), providing up to 150 hours of continuous operation. This solution allows you to focus on creating content, eliminating the need to frequently change batteries or charge the device. An LED indicates the charging status, allowing you to have full control over the microphone's operation.

Versatility of use

Thanks to its universal 3.5mm mini-jack connector, the microphone is compatible with a wide range of devices, including video cameras, DSLR cameras, audio recorders and other devices equipped with a microphone input. This makes the BY-BM3030 perfect for beginners and advanced creators alike.

Protection against interference

The microphone comes with a wind shield that minimizes wind interference, allowing you to record clear audio outdoors. This feature is especially useful when recording in harsh weather conditions.

Manufacturer	BOYA
Model	BY-BM3030
Acoustic principle	Line Gradient
