collaborative features, this 23.8-inch screen ensures you connect with confidence and conference with ease. Simplify your setup significantly using a single USB-C cable that transmits video, data, and provides up to 65W Power Delivery (PD) to charge your connected laptop.

## Seamless Conferencing and Collaboration

This monitor transforms your desktop into a full-service virtual meeting hub. It features an integrated, tilt-adjustable 5MP webcam, dual front-firing microphones, and powerful speakers. Enjoy clear audio and video quality without relying on external peripherals. Furthermore, dedicated controls for microphone mute and volume are conveniently located on the monitor, providing immediate control over your privacy and meeting settings.

## Vibrant Visuals and Viewing Comfort

- **Full HD Clarity:** Enjoy sharp, vibrant visuals on the 1920 x 1080 resolution screen with 300 cd/m2 brightness.
- **Accurate Color Reproduction:** The 99% sRGB color gamut ensures true-to-life colors, suitable for creative work and demanding content consumption.
- **Eye Comfort Technologies:** Built-in Low Blue Light Mode and Flicker-Free technology reduce eye strain, allowing for comfortable long hours of viewing and working.

## Optimized Connectivity and Ergonomics

Designed for flexibility in any working environment, the HP E24m G4 offers comprehensive connectivity and ergonomic adjustments. The robust built-in USB Hub allows for easy peripheral attachment. Display inputs include HDMI, DisplayPort, and the multifunctional USB-C port.

The sleek design features a flat front bezel, complemented by a versatile stand that supports full ergonomic adjustments: height, tilt, pivot, and swivel. This allows you to position the screen perfectly, accommodating different desks and user preferences.

**HP INC.** is a world leader in technology, known for producing reliable, high-performance computing and display solutions designed for the modern professional.

Order this ENERGY STAR certified display today from ++SHOP++ to enhance your productivity and conferencing capability with sustainable performance.

Connect with Confidence. Conference with Ease.

Conference and connect with ease with the Zoom Certified HP E24m G4 USB-C Conferencing Monitor that has an integrated 5MP, tilt-adjustable webcam, front-firing speakers, and dual mics. Work effortlessly and simplify your set up with one USB-C® cable<sup>[1]</sup> that delivers data, video, and up to 65W of laptop charging.

The HP E24m G4 Conferencing monitor combines a high-resolution display with built-in conferencing features for a versatile desktop experience. Featuring a native resolution of 1920 x 1080 and a brightness of 300 cd/m<sup>2</sup>, this monitor ensures clear and vibrant visuals with excellent color accuracy thanks to its 99% sRGB color gamut. The monitor is complemented by technologies such as Low Blue Light Mode and Flicker-Free technology, making it comfortable for long hours of viewing. The built-in camera and microphone enhance the conferencing experience, allowing users to engage seamlessly in virtual meetings. Designed for flexibility, the HP E24m offers various display position adjustments including height, tilt, pivot, and swivel, accommodating different working environments. With a sleek flat front bezel and a robust built-in USB Hub, this monitor supports connectivity through HDMI, DisplayPort, and USB-C while accommodating user comfort with features such as a microphone mute control and volume controls. ENERGY STAR certified, this efficient display is suitable for both home and office settings, ensuring a balance of performance and sustainability.
