The Samsung ViewFinity S6 S34C652UAU is a high-performance 34-inch curved monitor engineered to elevate professional productivity and provide immersive visual experiences. Featuring an Ultra-Wide Quad HD (UWQHD) resolution of 3440 x 1440 pixels and a dynamic 21:9 aspect ratio, this display wraps around your vision, reducing eye movement and maximizing screen real estate for seamless multitasking.

The fast 100 Hz refresh rate combined with AMD FreeSync technology ensures smooth motion rendering, making it excellent for both detailed professional work and casual entertainment. The VA panel technology delivers a superb 3000:1 contrast ratio, deep blacks, and wide 178° viewing angles, enhanced further by HDR10 support for brilliant color depth and realism.

Unmatched Connectivity and Workspace Consolidation

Designed to be the center of your modern workspace, the ViewFinity S6 drastically simplifies connectivity. The powerful USB Type-C port supports up to 90 Watts of Power Delivery (PD), allowing you to charge your laptop or devices and transmit video/data through a single cable, eliminating cable clutter.

Further enhancing efficiency is the integrated KVM Switch, which allows you to control two different computers using a single set of keyboard and mouse connected to the monitor. The built-in Ethernet (LAN) port transforms the monitor into a docking station, providing stable network access to connected laptops.

Key Visual Specifications and Comfort Features

- **Display Size & Curvature:** 34 inches, Curved
- **Resolution:** Ultra-Wide Quad HD (UWQHD) 3440 x 1440 pixels
- **Performance:** 100 Hz Refresh Rate and 5 ms Response Time, supported by AMD FreeSync
- **Color Accuracy:** 1.07 billion colors supported, 115% sRGB color gamut, and HDR10 capability
- **Power & Ports:** USB Type-C connectivity with 90W Power Delivery, integrated USB 3.0/USB-C hub, DisplayPort, and HDMI
- **Ergonomics:** Height Adjustable Stand (HAS), swivel, and tilt adjustments, VESA 100 x 100 mm mounting support
- **Eye Care:** TUV Rheinland Intelligent Eye Care Certified, featuring Flicker-Free technology and Eye Saver Mode for reduced strain during prolonged use.

Ergonomics, Efficiency, and Environmental Standards

The design prioritizes user comfort, featuring full ergonomic adjustments (height, swivel, tilt) to ensure optimal viewing alignment. This monitor meets stringent environmental criteria, including TCO Certified Displays 9 and generation 10 standards, reflecting its commitment to energy efficiency (Energy Class G) and sustainability.

SAMSUNG is a globally recognized technology leader known for innovation in display technology, consumer electronics, and semiconductors. SAMSUNG monitors deliver cutting-edge performance and design integration for both professional and consumer markets.

Order today from ++SHOP++ as we offer the best deals and guaranteed authentic SAMSUNG products.

Discover the Samsung ViewFinity S6, a 34-inch LED-backlit LCD monitor designed to enhance your viewing experience and boost productivity. With its UWQHD resolution of 3440 x 1440, the ViewFinity S6 delivers crisp, detailed visuals across a curved screen, offering a more immersive experience. The monitor's 115% sRGB color gamut and support for 1.07 billion colors ensure vibrant and accurate color reproduction, ideal for professionals in creative industries.

The Samsung ViewFinity S6 is built for convenience and efficiency, featuring a range of connectivity options including HDMI, DisplayPort, and USB-C. Its built-in devices, such as an Ethernet network adapter, KVM switch, and USB hub, streamline your workspace by reducing cable clutter. The monitor also supports USB Power Delivery up to 90 watts, allowing you to charge devices directly through the monitor.

Ergonomics and eye comfort are prioritized with adjustable display positions and technologies like Eye Saver Mode and Flicker-Free technology. Whether you're working long hours or enjoying your favorite entertainment, the ViewFinity S6 is designed to provide a comfortable viewing experience. With its energy-efficient design, this monitor is not only good for the planet but also for your utility bills.
