Operating at a base clock speed of 3.5 GHz and featuring 4 cores and 8 threads, the i3-14100 provides solid multitasking capabilities and efficiency for systems built on the LGA 1700 socket platform. This boxed version includes a stock cooler, offering a complete solution right out of the box.

## Key Features and Performance Benefits:

- **Raptor Lake Refresh Architecture:** Enjoy enhanced efficiency and stable performance for modern operating systems and applications.
- **4 Cores / 8 Threads:** Offers strong foundational performance for multitasking, web browsing, and common productivity software.
- **3.5 GHz Base Frequency:** Ensures snappy responsiveness during system boot-up and application loading.
- **LGA 1700 Socket Compatibility:** Ready for use with the latest Intel 600 and 700 series motherboards.
- **Integrated Graphics:** Features Intel UHD Graphics 730, allowing display output without requiring a dedicated graphics card (ideal for office builds).
- **Boxed Solution:** Includes a standard Intel cooler, simplifying the assembly process.

The Core i3-14100 strikes a perfect balance between cost and performance, making it the smart choice for building efficient home or business PCs.

**INTEL** is a global leader in semiconductor innovation, renowned for designing and manufacturing the microprocessors that power the world's computers and data centers. Their commitment to pushing the boundaries of computing technology ensures high-quality, reliable performance.
