The iiyama ProLite XUB2493HS-B6 is a versatile 24-inch (60.5 cm) Full HD monitor designed for both demanding office applications and seamless multi-monitor setups. Featuring a stylish edge-to-edge (ETE) three-side borderless design, this display minimizes visual distractions, making it the ideal choice for creating immersive tiling configurations.

Powered by high-quality IPS panel technology, the monitor delivers exceptional visual performance. Enjoy accurate and consistent colour reproduction (96% sRGB coverage) and wide 178° viewing angles, ensuring the image remains vibrant and true regardless of your viewing position. With high contrast ratios and 250 cd/m² brightness, this display performs excellently for general productivity, photography, and web design tasks.

Key Performance Specifications

- **High Refresh Rate and Speed:** A 100 Hz refresh rate combined with an ultra-fast 0.5 ms MPRT (Moving Picture Response Time) ensures smooth visuals and minimizes motion blur, providing a fluid experience even during fast-paced viewing.
- **Full HD Resolution:** Native 1920 x 1080 resolution for crisp, detailed imagery.
- **Advanced Colour Accuracy:** IPS panel technology offers 16.7 million colours and 96% sRGB colour gamut for professional-grade consistency.
- **High Contrast:** Static contrast ratio of 1300:1 (Dynamic Contrast Ratio 80,000,000:1).

Optimized for User Comfort and Ergonomics

The ProLite XUB2493HS-B6 prioritizes user health and productivity. The fully ergonomic stand allows for 150 mm of height adjustment, along with pivot (rotation), swivel, and tilt functions, enabling you to find the perfect viewing position to alleviate neck and eye strain. Furthermore, the built-in Blue Light Reducer function helps diminish eye fatigue during long working hours, while the matte screen coating prevents distracting reflections.

Connectivity and Integration

Equipped with essential ports including HDMI and DisplayPort, the monitor offers flexible compatibility with various devices. Integrated stereo speakers and a dedicated headphone socket provide convenience without the need for external audio equipment.
