accommodates four times the information of a standard Full HD display, dramatically enhancing multitasking and detail viewing in photographic and web design workflows. Its stylish, slim front design makes it a sophisticated addition to any modern workspace.

Superior IPS Technology and Clarity

Equipped with premium IPS panel technology, the XU2792UHSU-B6 ensures precise, vivid color reproduction and consistently wide viewing angles (178°/178°). This professional standard display combines high contrast and brightness values with a rapid 4ms response time, ensuring smooth, blur-free performance whether you are editing high-resolution images or browsing demanding web content.

Smart Power Management and Connectivity

Boost your efficiency with integrated features like the Dynamic Power Saving (DPS) system. DPS intelligently adjusts brightness based on content, optimizing energy usage without sacrificing visual quality. The monitor also functions as a central hub for your peripherals, featuring a built-in USB 3.2 Gen 1 hub and integrated speakers for a streamlined setup.

Key Features:

- 4K Ultra HD resolution (3840 x 2160 pixels) for incredible detail and clarity.
- 27-inch diagonal IPS panel ensuring accurate color rendering and wide viewing angles.
- Fast 4ms response time, perfect for dynamic content and multimedia consumption.
- Dynamic Power Saving (DPS) for optimized energy efficiency.
- Built-in USB 3.2 Gen 1 hub for convenient peripheral connection.
- Integrated built-in speakers for essential audio output.
- VESA mounting compatibility for flexible installation options.
