The LOGITECH Wireless Combo MK345 delivers the ideal blend of comfort, modern design, powerful functionality, and exceptional battery endurance. Designed for daily productivity, this reliable keyboard and mouse set ensures a clutter-free and efficient workspace using advanced 2.4 GHz wireless technology. Enjoy seamless performance and a truly ergonomic experience, whether you are working or navigating media.

Keyboard Features Optimized for Work

The full-sized keyboard is designed for long-lasting comfort and durability, featuring power-saving functions to ensure you rarely need to worry about replacing batteries.

- Ergonomic comfort provided by an integrated palm rest, reducing strain during long working sessions.
- Full-sized US International layout for familiar and efficient typing.
- Spill-resistant design protects against accidental liquid spills, adding durability to your device.
- 12 dedicated hot keys for instant access to media controls, including Mute, Play/Pause, and track skipping.
- Advanced power management featuring an On/Off switch and automatic sleep function to maximize battery life.

Precise Optical Mouse Tracking

The contoured mouse is built for precision and ease of use, making navigation smooth and effortless.

- Smooth and precise tracking thanks to Logitech Advanced Optical Tracking technology.
- Comfortable contoured design with three buttons and a responsive scrolling wheel.
- Includes an On/Off power switch and a visible battery indicator for easy power management.
- Automatic sleep mode conserves power when not in use.
- Connectivity: Robust 2.4 GHz wireless connection via a single USB receiver.

LOGITECH is a global leader in peripheral devices, recognized for pioneering innovation in computer accessories that connect people to the digital world. They are committed to quality, performance, and user-centric design.
