GIGABYTE GeForce RTX 5070 Gaming OC 12G Graphics Card

Unlock unparalleled gaming prowess and visual excellence with the GIGABYTE GeForce RTX 5070 GAMING OC 12G. Engineered for enthusiasts and competitive gamers, this GPU utilizes the cutting-edge NVIDIA architecture to redefine performance standards. Featuring 12GB of ultra-fast GDDR7 memory and a powerful 192-bit memory bus, the RTX 5070 ensures stunning visuals and seamless, high-frame-rate gameplay even in the most demanding modern titles.

The core clock boosts up to 2625 MHz, delivering the speed needed for superior rendering performance. Enhance your visual fidelity and performance simultaneously using the revolutionary NVIDIA DLSS 4 technology, providing crisper images and significantly higher frame rates.

Key Features for Extreme Performance:

- **Next-Generation Memory:** Equipped with 12 GB of high-speed GDDR7 memory on a 192-bit interface, ensuring rapid data throughput for gaming and creative workloads.
- **PCI Express 5.0 Support:** Utilizes the latest PCI-E 5.0 interface, maximizing bandwidth and ensuring future-proof connectivity with modern motherboards.
- **Overclocked Core Clock:** Achieves a processor frequency of 2625 MHz (OC) for outstanding out-of-the-box performance.
- **Advanced Cooling System:** Features an active cooling solution with three optimized fans designed to maintain peak thermal efficiency even during intense gaming sessions.
- **Immersive Connectivity:** Supports maximum resolutions up to 7680 x 4320, outputted via three DisplayPort 2.1a ports and one HDMI 2.1b port, perfect for multi-monitor setups or 8K displays.
- **NVIDIA DLSS 4:** Benefit from AI-powered upscaling, delivering massive performance gains while maintaining superior image quality.

Built for the Future of Gaming

The GIGABYTE RTX 5070 GAMING OC supports DirectX 12.0 and OpenGL 4.6, ensuring compatibility and optimization for the newest games and professional applications. This graphics card empowers you to dominate every virtual battlefield with confidence and precision, delivering a truly next-level PC experience.

GIGABYTE is a world-renowned manufacturer of computer hardware, recognized globally for producing high-quality, high-performance components, including motherboards and graphics cards designed for professional users and gamers alike.

Order today from ++SHOP++ as we offer the best deals and reliable service for cutting-edge computing hardware.
