displays, providing expansive screen real estate ideal for detailed photographic editing, web design, and complex office applications.

Equipped with premium IPS panel technology, the XU2793QSU-B7 delivers accurate and consistent color reproduction across wide 178° viewing angles. The monitor boasts a high contrast ratio of 1300:1 and 300 cd/m² brightness, ensuring vibrant colors and rich detail are always displayed clearly.

Performance and Smoothness

Designed to handle fast motion smoothly, this monitor includes a rapid 1 ms response time and a 100Hz refresh rate. The increased 100Hz refresh rate, combined with the AdaptiveSync function, provides a tangible improvement in image smoothness, reducing tearing and stuttering for a better viewing experience during multimedia consumption or general use.

Ergonomics and Connectivity

The stylish, 3-sided borderless (edge-to-edge) design maximizes the viewable area, making the ProLite XU2793QSU-B7 perfect for seamless multi-monitor setups. Connectivity is highly versatile, featuring multiple interfaces including HDMI, DisplayPort, and a convenient built-in USB 3.2 Gen 1 hub for easy peripheral connection. Furthermore, the ergonomic tilt adjustment allows users to easily customize their viewing angle for maximum comfort.

Key Features for Optimal Comfort and Productivity:

- **QHD Resolution (2560x1440):** Provides significantly increased workspace and crystal-clear image quality.
- **IPS Panel Technology:** Ensures accurate color reproduction and wide viewing angles (178°/178°).
- **100Hz Refresh Rate & 1ms Response Time:** Delivers smooth, responsive visual performance.
- **AdaptiveSync Support:** Synchronizes frame rates to reduce screen tearing.
- **USB 3.2 Gen 1 Hub:** Integrated 2-port hub for easy connection of peripherals.
- **Eye Care Technology:** Advanced flicker-free technology and a blue light reducer function minimize eye strain during extended use.

Stylish edge-to-edge design makes the ProLite XU2793QSU perfect for multi-monitor set-ups. The IPS panel technology offers accurate and consistent colour reproduction with wide viewing angles. The 100Hz refresh rate together with AdaptiveSync function provides an instant, tangible improvement in image smoothness. The XU2793QSU offers QHD (2560 x 1440) resolution meaning the screen can accommodate almost 77% more information than a Full HD display. High contrast and brightness values mean the monitor will provide excellent performance for photographic and web design. Equipped with speakers, 2 port USB, headphone socket, HDMI and DisplayPort connections, a blue light reducer function to reduce eye fatigue for optimal user comfort, make this 27" monitor a great choice for both multi-monitor configuration and office applications.

The iiyama ProLite XU2793QSU-B7 is a 27-inch desktop monitor with a native resolution of 2560 x 1440. It features an IPS panel with a 1 ms response time, ensuring smooth performance for fast-paced visuals, while its 300 cd/m² brightness and 1300:1 contrast ratio deliver vibrant colors and rich detail. Advanced flicker-free technology and a blue light reducer function contribute to eye comfort, making this monitor suitable for extended use.

Connectivity is seamless with multiple interface options including HDMI, DisplayPort, and a USB 3.2 Gen 1 hub for easy peripheral connection. The monitor is designed with a 3-sided borderless feature, maximizing the viewable area. Its ergonomic tilt adjustment allows users to customize their viewing angles, ensuring comfort in various setups.
