

Graphics Card INNO3D GeForce RTX 5070 Ti X3 OC White, 16GB GDDR7

Modelis: N507T3-16D7X-176068W

Gamintojas: INNO3D

EAN: 8886307700230

Prekės kodas: 436296

1,023.99€

INNO3D GeForce RTX 5070 Ti X3 OC White Graphics Card

Step into the next generation of performance with the INNO3D GeForce RTX 5070 Ti X3 OC White. Engineered for enthusiasts and serious gamers, this card combines cutting-edge NVIDIA technology with a striking aesthetic and robust cooling solution. Featuring a powerful factory overclock and advanced GDDR7 memory, the RTX 5070 Ti is ready to handle the most demanding titles and professional creative applications at maximum settings.

Unmatched Performance and Next-Gen Memory

The GeForce RTX 5070 Ti GPU core provides exceptional speed and efficiency for smooth, high-frame-rate gaming, 4K resolution support, and accelerated ray tracing capabilities. With 16GB of revolutionary GDDR7 memory, this graphics card ensures ultra-fast data access, enabling detailed textures and complex scene rendering without compromise. The massive memory capacity is also crucial for handling large AI models and high-resolution video editing workflows.

X3 Cooling and Pristine White Design

The INNO3D X3 cooling system utilizes three powerful fans to maintain optimal thermal performance, even during intense, prolonged gaming sessions. This superior cooling ensures the factory overclocked speeds are sustained reliably, maximizing the potential of the RTX 5070 Ti chipset. The elegant white shroud design makes this particular model a stunning centerpiece for any high-performance PC build focusing on clean aesthetics and modern style.

Key Highlights:

- GPU: NVIDIA GeForce RTX 5070 Ti for top-tier gaming and creativity.
- Memory: 16 GB high-speed GDDR7 VRAM for next-generation bandwidth and capacity.
- Cooling System: Efficient INNO3D X3 triple-fan cooling design.
- Performance: OC (Factory Overclocked) for enhanced out-of-the-box performance.
- Aesthetics: Premium White edition finish ideal for custom PC builds.

INNO3D is recognized globally for manufacturing high-quality, high-performance graphics cards, often focusing on advanced cooling solutions and delivering outstanding value to PC builders and gamers worldwide.
