Equipped with an advanced triple-fan cooling system, the Hellhound ensures optimal thermal management even during intense gaming sessions. The 16GB of high-speed GDDR6 memory provides ample headroom for high-resolution textures and complex rendering tasks, while the factory overclocked settings give you an extra edge in performance right out of the box.

### **Key Features:**

- 16GB GDDR6 dedicated video memory for high-resolution gaming.
- Spectral White design with white PCB, shroud, and LED lighting.
- Efficient triple-fan cooling system for silent and cool operation.
- Robust power delivery for enhanced stability and overclocking potential.
- Modern connectivity options including DisplayPort and HDMI for multi-monitor setups.

**POWERCOLOR** is a leading manufacturer of high-end graphics cards, known for their innovative cooling solutions and reliable performance. With decades of experience in the industry, PowerColor continues to push the boundaries of gaming hardware through their Red Devil and Hellhound series.
