Design makes this ProLite model perfect for seamless multi-monitor setups, maximizing your screen real estate without distracting bezels.

Superior Visual Quality and Speed

Experience smoother motion and reduced blur, essential for dynamic content and rapid data processing. The monitor boasts a native Full HD resolution (1920 x 1080) coupled with an accelerated 100Hz refresh rate and a rapid 1ms (MPRT) response time. The inclusion of Adaptive Sync technology further enhances image smoothness by reducing screen tearing, providing a tangible improvement in overall user experience.

Key Features for Productivity:

- **IPS Panel Technology:** Ensures vibrant color support (16.7 million colors, 96% sRGB) and wide 178°/178° viewing angles.
- **100Hz Refresh Rate:** Provides enhanced image fluidity compared to standard 60Hz displays.
- **Ultra-Fast 1ms Response Time (MPRT):** Minimizes ghosting and blurring during fast-moving scenes.
- **Eye Comfort:** Features Flicker-Free technology and a Blue Light Reducer function to mitigate eye fatigue during prolonged work sessions.
- **High Brightness:** 300 cd/m² brightness and a powerful 80,000,000:1 dynamic contrast ratio ensure clear, detailed visuals.

Ergonomics and Connectivity Hub

The XU2493HSU-B7 offers comprehensive connectivity options including HDMI and DisplayPort interfaces. For added convenience, a built-in 2-port USB 2.0 hub allows you to easily connect peripherals, while integrated speakers provide clear audio without the need for external devices. The ergonomic tilt adjustment allows users to customize the screen position for optimal comfort.

IYAMA is a trusted global leader in the monitor industry, known for manufacturing high-quality, reliable display solutions for professional and consumer markets.

Stylish edge-to-edge design makes the ProLite XU2493HSU perfect for multi-monitor set-ups. The IPS panel technology offers accurate and consistent colour reproduction with wide viewing angles. The 100Hz refresh rate together with Adaptive Sync function provides very tangible improvement in image smoothness. High contrast and brightness values mean the monitor will provide excellent performance for photographic and web design. Equipped with speakers, 2 port USB hub, headphone socket, HDMI and DisplayPort connections, plus a blue light reducer function to reduce eye fatigue for optimal user comfort, make this 24" monitor a great choice for both multi-monitor configuration and office applications.

The iiyama ProLite XU2493HSU-B7 is a 24-inch desktop monitor that provides Full HD visuals with a native resolution of 1920 x 1080. Featuring a brightness of 300 cd/m² and a dynamic contrast ratio of 80,000,000:1, images come to life with vibrant colors and clarity. The monitor utilizes IPS TFT technology, ensuring wide viewing angles of 178 degrees both horizontally and vertically, ideal for collaborative environments or home use. Additional features include Flicker-Free technology and a Blue Light Reducer function that enhance viewing comfort during extended use. The 3 Side Borderless Design provides an aesthetically pleasing look while maximizing screen real estate. Connectivity options include HDMI and DisplayPort interfaces, along with a built-in USB 2.0 hub for easy access to peripherals. Its ergonomic tilt adjustability allows for optimal viewing angles, enhancing comfort for daily tasks.
