powerful docking station.

Experience true plug-and-play convenience. The integrated USB-C port handles video, data transfer via the high-speed USB 3.2 Gen 2 hub, and delivers up to 65 Watts of power, allowing you to charge your connected laptop or device using a single cable. Furthermore, the built-in Gigabit Ethernet port ensures stable, fast network access, crucial for modern corporate environments, reducing cable clutter significantly.

## Superior IPS Visuals and Ergonomic Comfort

The 24351 features a high-performance IPS panel, providing wide 178-degree viewing angles and consistent, accurate colors. With a Full HD resolution of 1920 x 1080 and a refresh rate of 75 Hz, visuals are crisp and smooth. The screen supports 107% sRGB color gamut coverage, ensuring vivid and true-to-life image reproduction, whether you are working on spreadsheets or creative content.

## Key Specifications and Connectivity:

- **USB-C with Power Delivery (65W):** Charge compatible devices and transmit video/data simultaneously via a single cable.
- **Built-in Gigabit Ethernet Adapter:** Ensures secure and fast network connection directly through the monitor.
- **Vibrant IPS Panel:** 23.8-inch display with Full HD (1920x1080) resolution and 75 Hz refresh rate.
- **High Color Accuracy:** 107% sRGB and 91% NTSC gamut coverage for professional color fidelity.
- **Comprehensive Ergonomics:** Fully adjustable stand allowing height adjustment, tilt, swivel, and 90-degree pivot (rotation) for optimal comfort.
- **Multiple Inputs:** Includes USB-C, HDMI, and DisplayPort connectors for broad compatibility.
- **Fast Response Time:** 4 ms (Grey-to-Grey) response time suitable for general use and casual gaming.

## Designed for Sustainability and Health

This monitor is built with environmental responsibility in mind, complying with stringent standards like ENERGY STAR 8.0, TCO Certified Displays 9, and EPEAT. It also features TUV Rheinland Eye

Discover the Philips S-line 243S1, a monitor that combines performance with convenience. This 24-inch LED-backlit LCD monitor is not just about the visuals; it's about enhancing your productivity and connectivity. With a built-in Gigabit Ethernet network adapter and USB hub, it simplifies your workspace by reducing cable clutter and connecting all your devices directly to the monitor. The USB Power Delivery feature, supporting up to 65 W, allows you to charge your compatible devices directly through the monitor, eliminating the need for extra power adapters.

The Philips S-line 243S1 doesn't compromise on display quality either. It boasts a Full HD 1080p resolution on an IPS panel, ensuring vivid colors and wide viewing angles. The dynamic contrast ratio of 50,000,000:1, combined with a color gamut that covers 107% sRGB and 91% NTSC, ensures that you get the most out of your screen, whether you're working, gaming, or watching videos.

Adjustability is key for any professional setup, and this monitor delivers with its ability to pivot, tilt, swivel, and adjust in height, making it easy to find the perfect viewing angle. Energy efficiency is also a priority, with ENERGY STAR 8.0 and EPEAT compliance, ensuring that your productivity isn't just good for you, but for the planet as well.
