utilizes a vibrant IPS panel, providing wide 178-degree viewing angles and brilliant color reproduction suitable for daily productivity, entertainment, and light creative work.

Smooth Performance and Immersive Visuals

Experience smoother content scrolling and improved responsiveness in everyday tasks and gaming. The VU279HFI-W delivers excellent performance specifications typically found in specialized monitors, making your browsing and multimedia experience seamless.

- **100 Hz Refresh Rate:** Ensures fluid motion and reduced motion blur compared to standard 60 Hz monitors.
- **1 ms Response Time (MPRT):** Minimizes ghosting for fast-paced content and smoother gaming.
- **Adaptive-Sync Technology:** Synchronizes the monitor's refresh rate with the GPU's frame rate to eliminate screen tearing and stuttering.
- **Full HD IPS Panel:** Delivers crisp images and consistent, rich color reproduction across wide viewing angles.

Advanced Eye Care Plus Technology for Well-being

ASUS leads the industry in display health, incorporating TÜV Rheinland-certified technologies to protect your vision during long work sessions. The exclusive Eye Care Plus suite is designed to enhance your comfort and overall productivity.

- **Nano-ion Generator:** This innovative feature releases negative ions into the surrounding air, helping to reduce the concentration of pollutants and allergens, contributing to a cleaner, healthier indoor environment.
- **Flicker-Free Technology:** Reduces screen flicker, preventing eye strain and fatigue associated with prolonged usage.
- **Adjustable Blue Light Filter:** Allows customization of blue light emission levels to suit various scenarios, minimizing potential retinal damage.
- **Rest Reminder:** Set five-minute interval pop-up notifications to remind you when it is time to take a break and maintain proper posture.
- **Color Augmentation:** Helps users with color vision deficiency easily distinguish on-screen colors for improved readability.

- **Auto Brightness Adjustment:** Automatically optimizes screen brightness based on ambient light, further reducing eye strain.

Thoughtful Ergonomics and Sustainability

The VU279HFI-W features a practical and aesthetically pleasing design suitable for any modern desk setup. It also adheres to ASUS's commitment to environmental responsibility through sustainable manufacturing and packaging practices.

- **Screw-Adjustable Height Design:** Easily choose one of three height settings (25 mm increments) for the ideal ergonomic viewing position.
- **Cable Management Clip:** Keeps your workspace tidy and clutter-free.
- **Eco-Friendly Materials:** Constructed using eco-friendly materials, including up to 85% post-consumer recycled (PCR) plastics.
- **Reusable Packaging:** Comes in 100% recycled cardboard packaging designed to be repurposed as a small storage box or phone stand.

ASUS is a globally recognized technology leader known for creating devices that seamlessly integrate performance, quality, and innovative design. Their commitment to user well-being is clearly demonstrated in the thoughtful features of the EyeCare monitor series.

everyday monitor. Boasting a 27-inch FHD panel, these monitors are a perfect fit for most desks and can be connected to either a laptop or desktop. Equipped with an IPS panel, VU displays provide clear and colorful images — even when viewed from an off angle.

Healthcare

Clean air, clear mind

Thoughtful design elements make ASUS VU monitors a great fit for any PC setup. The stand's long, thin legs hold the displays securely without taking up too much desktop space. VU monitors are practical, but they're also fun. The monitor incorporate a device that emits negative ions into the surrounding air. By reducing the concentration of pollutants and allergens, these monitors can create a healthier indoor environment.

Easy to Use

Screw-adjustable Height Design and Cable Management Clip

Enjoy a comfortable and clutter-free viewing experience. Choose from one of three height settings (in increments of 25 mm) for the ideal viewing position

Auto Brightness Adjustment

Automatically adjusts the brightness of the monitor to the ambient lighting in your environment, which reduces eye strain.

Reusable Packaging

Sitting up in a right position decreases pressure on your neck and back. Reuseable laptop stands and phone holders designed to support proper posture and reduce strain.

Eye Care Plus Technology

Color Augmentation

Easily distinguish onscreen colors

Rest Reminder

Set pop-up reminders at five-minute intervals, notifying you when it's time to take a break

Blue Light Filter

Adjustable blue-light filter levels to suit your preference or any scenario

Flicker Free

Integrated TÜV Rheinland-certified reduces onscreen flicker to ensure comfortable viewing

DisplayWidget Center

Easily adjust your monitor settings through this intuitive app, without having to touch the physical buttons on the monitor.

Gaming

Smooth Scrolling and Better Gaming Experience

ASUS VU monitors offer a 100 Hz refresh rate and Adaptive-Sync technology, which ensure that content scrolls smoothly and seamlessly when browsing websites and playing games — boosting the viewing experience for everything you do.

I/O Ports

Easy Connectivity

VU monitors are packed with ports for easy connectivity to a wide range of devices. Two HDMI ports for connecting to many modern devices.

Sustaining an Incredible Future

Environmental Certification*

Each monitor is stringently tested to meet the requirements of world-leading sustainability certifications. These tests are up-to-date with the latest certification criteria, are independently verified, and serve as a structured system to ensure the continuous improvement of ASUS products.

Eco-friendly Packaging

ASUS monitors are shipped in packaging made from 100% recycled cardboard. The packaging has been designed to minimize weight and volume, helping to conserve natural resources and allowing more devices to be transported in a single shipping container.

Reusable Packaging

The cardboard box can be cut into a smaller box to pack small items on your desk, such as cables, adapters, or other accessories. It also includes a foldable phone stand. This is a great way to reduce waste, save money on packaging materials, and create added benefits.

Energy-Efficient Features

Every ASUS VU display includes an energy saving mode.

Eco-friendly Materials

ASUS invests heavily in extensive research and development to ensure that ASUS VU displays are made from latest eco-friendly materials, such as 85% post-consumer recycled (PCR) plastics and mercury-free panels.
