The Philips 1000 series 27E2N1100L/00 is a versatile 27-inch (68.6 cm) Full HD computer monitor designed to maximize your productivity and enhance your entertainment experience at home. Utilizing a high-performance VA panel, this display delivers superior contrast (4000:1 typical) and extremely wide 178-degree viewing angles, ensuring consistent picture quality from almost any perspective.

Optimized Performance for Daily Tasks and Multimedia

Experience smoother visuals and reduced motion blur, whether you are browsing documents or watching videos, thanks to the increased 100 Hz maximum refresh rate. The Philips 27E2N1100L/00 also offers competitive responsiveness for quick visual updates:

- **100 Hz Refresh Rate:** Provides noticeably smoother movement compared to standard 60 Hz monitors.
- **1 ms MPRT (Moving Picture Response Time):** Effectively eliminates motion blur and ghosting, keeping fast-moving action crisp and clear. The standard GTG response time is 4 ms.
- **Full HD Resolution (1920 x 1080):** Delivers sharp and detailed imagery across the entire 27-inch screen.
- **SmartImage Technology:** Optimize contrast, sharpness, and color saturation automatically based on the content displayed.

Advanced Comfort and Connectivity

Designed for long-term usage, this Philips monitor integrates advanced features aimed at reducing visual fatigue. The sleek, black design with an exterior textured finish fits seamlessly into any modern setup, while standard connections ensure compatibility with various devices.

- **LowBlue Mode and Flicker-free:** These technologies reduce harmful shortwave blue light emissions and screen flickering, providing comfortable viewing conditions even during extended periods of use.
- **EasyRead Mode:** Optimizes screen appearance for reading documents, mimicking paper texture.
- **Connectivity:** Features one HDMI 1.4 port and one VGA (D-Sub) port, offering flexible input options for current and legacy devices.
