The ASUS TUF Gaming VG279QM sets a new standard for competitive gameplay. Designed for speed enthusiasts, this 27-inch Full HD monitor combines blistering performance with superior color fidelity, ensuring you have the decisive advantage in fast-paced titles like shooters, racers, and real-time strategy games.

Unrivaled Speed and Clarity

Achieve unparalleled smoothness thanks to the incredibly fast, overclockable 280 Hz refresh rate. This speed is nearly double that of conventional 144 Hz monitors, providing unbelievably fluid visuals that register every micro-movement instantly.

- **280 Hz Refresh Rate:** Experience amazingly-fluid gaming visuals, giving you the upper hand in competitive play.
- **1ms (GTG) FastIPS Display:** ASUS FastIPS technology eliminates smearing and motion blur with a lightning-quick 1ms gray-to-gray response time, delivering superior response and outstanding colors (95% DCI-P3 gamut).
- **NVIDIA G-SYNC Compatible Certification:** Enjoy seamless, tear-free gaming experiences with supported NVIDIA GeForce GTX 10 or RTX 20-series graphics cards, ensuring maximum frame rate synergy.
- **Extreme Low Motion Blur Sync (ELMB SYNC):** This exclusive ASUS technology allows you to enable both low-motion-blur (ELMB) and Adaptive-sync simultaneously, eliminating ghosting and screen tearing for sharp, high-frame-rate gameplay.

Enhanced Visual Experience (HDR and Features)

The VG279QM supports High Dynamic Range (HDR) technology, meeting the stringent requirements for DisplayHDR 400 certification. This delivers a wider color range and higher contrast, revealing details in the darkest and brightest parts of the screen.

- **DisplayHDR 400:** Ensures vibrant colors and deep blacks for realistic visuals.
- **Dynamic Shadow Boost:** Automatically clarifies dark areas of the game world without overexposed bright zones, making it easier to spot hidden enemies.
- **GamePlus and GameVisual:** Exclusive ASUS features providing in-game enhancements like crosshairs, timers, and seven pre-set display modes optimized for different content types.

Ergonomics and Connectivity

Designed for marathon gaming sessions, this monitor includes Flicker-Free and Ultra-Low Blue Light technologies to minimize eyestrain. The physically flexible design allows for perfect positioning.

- **Ergonomic Stand:** Offers full tilt, swivel, pivot, and height adjustments, plus VESA compatibility for versatile mounting.
- **Rich Connectivity:** Features DisplayPort 1.2 and two HDMI 2.0 ports, supporting a wide array of multimedia devices.

ASUS is a globally renowned technology leader, known for creating cutting-edge hardware and innovative solutions, particularly within their high-performance Republic of Gamers (ROG) and TUF Gaming lines, trusted by gamers worldwide.

Order today from ++SHOP++ as we offer the best competitive pricing and reliable delivery options for high-performance ASUS monitors.

TUF Gaming VG279QM

WORLD'S FASTEST GAMING MONITOR

Incredibly Fast 280 Hz Refresh Rate

Astonishing overclockable 280Hz refresh rate means the display is almost twice as fast as conventional 144 Hz monitors. You'll experience amazingly-fluid gaming visuals, giving you the upper hand in first-person shooters, racing, real-time strategy and sports titles.

ASUS FastIPS Display—1ms (GTG) Response Time

ASUS FastIPS Display allows the display's liquid crystal elements to switch up to 4X faster than conventional IPS panels for improved response. With a 1 ms gray-to-gray response time, smearing and motion blur are virtually eliminated. This display also delivers superior images with outstanding colors thanks to DCI-P3 95% color gamut and an astounding 1,000:1 contrast ratio. Wide 178-degree viewing angles ensure minimal distortion and color shift even when you're viewing from extreme positions.

Certified NVIDIA G-SYNC Compatible

With variable-refresh-rate (VRR) technology enabled by default, you're assured seamless, tear-free gaming experiences from your NVIDIA GeForce GTX 10 or NVIDIA GeForce RTX 20-series graphics card.

EXTREME LOW MOTION BLUR SYNC

With ELMB SYNC, you can enable ELMB (low-motion-blur technology) and Adaptive-sync at the same time, eliminating ghosting and tearing for sharp visuals and high frame rates while gaming.

HDR

HIGH DYNAMIC RANGE (HDR) WITH DISPLAYHDR 400

HDR technology delivers a wider color range and higher contrast than traditional monitors. The brightest whites and the darkest blacks bring out details like never before. The display is also capable of 400 cd/m², meeting the stringent requirements for DisplayHDR 400 certification.

Multi HDR Mode

Now you can choose from multiple HDR modes to adjust monitor HDR performance based on the current viewing scenario.

IN-GAME ENHANCEMENTS

Dynamic Shadow Boost

ASUS Dynamic Shadow Boost technology automatically clarifies dark areas of the game world with optimizing other areas, improving overall viewing while also making it easier to spot enemies hidden in shaded areas of the map.

GamePlus

The ASUS-exclusive, integrated GamePlus hotkey offers in-game enhancements that help you get more out of your game. This function is co-developed with input from pro gamers, allowing them to practice and improve their gaming skills.

GameVisual

ASUS GameVisual Technology has seven pre-set display modes to optimize visuals for different types

of content. This unique feature can be easily accessed through a hotkey or the on-screen display settings menu.

Flicker-Free technology

Flicker-Free technology reduces flicker to minimize eyestrain for improved comfort when you're embroiled in long gaming sessions.

Ultra-Low Blue Light technology

ASUS Ultra-Low Blue Light technology reduces the amount of potentially harmful blue light emitted by the display. Four different filter settings are available to control the amount of blue light reduction.

PHYSICAL DESIGN

Rich connectivity

Extensive connectivity options, including DisplayPort1.2 and 2 x HDMI 2.0, offer support for wide array of multimedia devices.

Ergonomic design

With an ergonomically-designed stand, it provides tilt, swivel, pivot and height adjustments so you can easily find your ideal viewing position. The display is also VESA-compatible for wall mounting.
