The ViewSonic VG3456C is engineered as a complete productivity hub, combining a massive 34-inch curved UWQHD display with powerful docking capabilities. Perfect for professionals, multi-taskers, and content creators, this monitor features a stunning 3440 x 1440 resolution and a fluid 100 Hz refresh rate. By integrating 100W USB-C Power Delivery and built-in Gigabit Ethernet, the VG3456C simplifies your workspace, eliminating cable clutter while ensuring fast data transfer and stable network connectivity.

Immersive Visuals and Clarity

Experience a truly centered and immersive field of view thanks to the 1500R curvature, which naturally broadens your peripheral vision and reduces eye movement. The expansive 21:9 Ultra-wide aspect ratio offers 35% more screen space than a traditional Full HD monitor of the same size, transforming your workflow and entertainment.

- **UWQHD Resolution (3440 x 1440):** Detailed, sharp images across an ultra-wide 21:9 screen.
- **1500R Curvature:** Enhances visual immersion and reduces eye strain by focusing the view.
- **100Hz Refresh Rate:** Provides fluid visual performance, essential for reducing eye fatigue during intensive work or fast-moving media.
- **SuperClear® VA Panel Technology:** Delivers clear visuals and consistent color contrast across 178° horizontal and vertical viewing angles.
- **Rich Built-in Audio:** Dual 5W front-firing speakers provide high-quality stereo sound without requiring external speakers.

Powerful USB-C Docking Station

Turn your monitor into a centralized workstation hub. The integrated connectivity allows you to charge your laptop, transfer data, and display video/audio simultaneously via a single USB-C cable, freeing up your laptop ports and streamlining cable management.

- **100W USB-C Power Delivery:** Charges connected devices quickly, acting as a complete docking station.
- **Built-in Gigabit Ethernet (RJ45):** Provides direct access to a fast and stable wired network connection.

- **Clutter-Free Design:** Features a versatile stand with cable management support and compatibility for client mount kits.
- **vDisplay Manager Software:** Streamlines productivity by allowing customized split-screen layouts and quick application launching.

Advanced Ergonomics and Eye Comfort

The VG3456C is designed for maximum comfort during long hours of use. Adjust the monitor effortlessly to suit any preference or collaborative environment.

- **Comprehensive Adjustments:** Easily adjust height (0-110 mm), swivel (+/-60°), and tilt (40°~-5°) for the perfect viewing angle.
- **Eye ProTech:** Includes Flicker-Free technology and a Blue Light Filter to significantly reduce eye strain from extended screen time.
- **Three-Sided Frameless Bezel:** Maximizes viewing area, ideal for seamless multi-monitor setups.

VIEWSONIC is a global leader in visual display solutions, renowned for delivering vibrant, high-quality, and reliable products for business, education, and entertainment. Their commitment to innovation and customer satisfaction ensures premium viewing experiences.

Order today from ++SHOP++ as we offer the best prices and swift delivery on all professional ViewSonic monitors.

The ViewSonic VG3456C is a 34" curved screen monitor with UWQHD 3440 x 1440 resolution and Eye ProTech technology, offering immersive visuals with enhanced eye comfort. Perfect for multi-tasking and productivity, it comes with built-in software, vDisplay Manager, to customize display arrangements and assign shortcuts via on-screen display control. With USB-C and Ethernet connectivity, this docking monitor serves as a complete hub for charging, data, network, and peripherals, reducing clutter and simplifying cable management. Additionally, you can tilt, swivel, and adjust the monitor's height to adapt to any setup or workflow, providing ergonomic flexibility.

Centered Field of View

The monitor's 1500R curve broadens your peripheral vision, centering the view and enabling you to see more of the screen at once without excessive eye or head movement. This enhances visual immersion and eye comfort.

1500R Curve

21:9 Ultra-wide Screen with Stunning UWQHD Resolution

Boasting UWQHD 3440 x 1440 resolution, the monitor provides the equivalent of 35% more screen space than a Full HD monitor of the same size. With an ultra-wide 21:9 aspect ratio, any game or movie will become an immersive journey into a different world.

UWQHD 3440 x 1440, Ultra-wide 21:9

Clarity From Any Angle

Enjoy superb performance and better viewing quality from horizontal to vertical angles. With SuperClear® Vertical Alignment panel technology, the curved monitor provides clear visuals and great contrast color from 178°, whether you are looking at the screen from above, below, the front, or the side.

SuperClear® 178°/178°

Smooth Work at 100Hz

With a fast 100Hz screen refresh rate, you can experience a truly fluid visual display. This results in improved viewing clarity, reduced screen stutter during fast-moving action scenes, and benefits work-related tasks, reducing eye strain and increasing productivity.

100Hz Refresh Rate

Rich Captivating Audio

Designed with dual 5W front-firing speakers, the VG3456C offers an incredible screen performance with a rich stereo sound for an unparalleled audiovisual experience.

Dual 5W Front-Facing Speakers

Free Up Your Laptop Ports

Expand your laptop functionality and plug all your devices directly into your docking monitor – the VG3456C. Get a charge (that transmits power up to 100W), data, video, and audio with a single

cable connected to the USB-C port. The built-in 10/100/1000 Mbps gigabit Ethernet(RJ45) port
