The TX-2401 White touch screen monitor adopts PCAP multi-touch technology that is relatively unaffected by surface contaminants and allows 10-point multi-touch capabilities, offering an accurate and responsive touch experience. It is even responsive to latex gloves. Featuring a medical-grade power supply and versatile connectivity (e.g., DisplayPort, HDMI, and VGA inputs), the TX-2401 White is built for flexible use, such as patient check-in, patient queue management, medical research laboratories, or medical computer carts. The monitor is complemented by front IP65 and IK08 ratings, white metal casing, and an edge-to-edge 7H tempered glass overlay, ensuring durability and easy cleaning for continuous operation in healthcare environments.

## 10-POINT PCAP TOUCH SCREEN

The TX-2401 White touch screen adopts PCAP touch technology with 10-point multi-touch capabilities that are unaffected by contamination, offering a fast, accurate, and responsive touch experience. The seamless touch experience is identical to that of smartphones and tablets, and is even responsive to latex gloves.

## ENHANCED SAFETY WITH MEDICAL-GRADE POWER SUPPLY

Compliance with the IEC / EN 60601-1 standard power supply ensures the safety of your staff and patients in clinical settings, preventing electric shocks, as well as energy-related and heat-related hazards.

## EASY TO MAINTAIN FOR NON-STOP USE

A commercial-grade panel, high-quality components and 7H scratch-resistant tempered glass screen ensure the display can be 24/7 constant used. Additionally, the screen is resistant to chemical disinfectants like alcohol for frequent cleaning.

## FRONT IP65 DUST AND WATER PROTECTION

The TX-2401 White multi-touch monitor with a front-sided IP65 rating is designed to protect from dust and liquid spills, making it ideal for high-use public locations.

## HIGH IMPACT-RESISTANT AGAINST VANDALISM

The touch display with an IK08 rating and metal casing prevents damage from impacts or acts of vandalism in high-traffic areas, ensuring a long service life.

## MULTIPLE LAYOUTS FOR PUBLIC ACCESS

Thanks to VESA compatibility, the TX-2401 White offers flexible mounting options, such as desk mounting, attaching to a monitor arm, or integrating into a medical cart. The included ergonomic stand allows for a significant -2 to 180 degrees of tilt adjustment, facilitating additional flexibility when using. The display features 178 degrees of wide viewing angles to provide consistent colour performance for better viewing.

## VERSATILE CONNECTIVITY

The TX-2401 White provides maximum versatility and enables users to connect to their own devices, such as a high-performance PC or media player, using the DisplayPort, HDMI, or VGA inputs.

## CABLE MANAGEMENT

A specially designed monitor stand with integrated cable management keeps cables organized, prevents them from interfering when adjusting the screen up or down, and provides a clutter-free space.

## SEAMLESS INTEGRATION

Touch support works with various operating systems, compatible with Windows, Linux, macOS, and certain Android versions. This enables more choice of the operating system you use.
