

Graphics Card Lenovo NVIDIA RTX A400 4GB GDDR6 Workstation GPU (4x mini- DP, PCIe 4.0)

Modelis: 4X61Q73040

Gamintojas: LENOVO

EAN: 195892109709

Prekės kodas: 438170

213.99€

Professional Performance: Lenovo NVIDIA RTX A400 4GB Graphics Card

The Lenovo NVIDIA RTX A400 Graphics Card is engineered for modern creative professionals and advanced workstations. Built upon the cutting-edge NVIDIA Ampere architecture, this powerful solution delivers the essential capabilities needed for complex design, rendering, and simulation workflows. With a compact double-slot form factor (6.6 inches) and low power consumption (50W

max), the RTX A400 integrates seamlessly into a wide range of desktop systems.

Accelerated Workflow with Ampere Architecture

Unlock revolutionary performance with hardware-accelerated ray tracing and advanced AI features. The RTX A400 empowers users to handle graphics-intensive applications and sizable data sets efficiently. Whether you are performing advanced shading calculations or powerful simulations, this card provides the speed and reliability necessary to maintain the highest level of user experience.

Data Integrity and Connectivity

- **4 GB GDDR6 Memory with ECC:** The expansive 4 GB of GDDR6 memory includes Error Correction Code (ECC) functionality, which is critical for data integrity and protection during complex calculations, ensuring reliability in professional environments.
- **PCI Express x8 4.0 Interface:** Utilizes the high-speed PCIe Gen4 standard, providing rapid data throughput necessary for modern workstation tasks.
- **High Resolution Support:** Supports a maximum resolution of 7680 x 4320 pixels, ideal for multi-monitor setups and detailed visual workloads.
- **Quad Display Outputs:** Features four mini-DisplayPort (mini-DP*4) connectors, allowing easy connection to multiple high-resolution displays.
- **Efficient Cooling:** Equipped with an active, single-fan cooling system, managing the 50W graphics power effectively while maintaining system stability.

Lenovo is a globally recognized technology leader, known for manufacturing high-quality, reliable, and innovative hardware solutions ranging from personal computing to high-performance professional workstations.

Order this specialized NVIDIA RTX A400 Graphics Card today from ++SHOP++ to enhance your workstation capabilities with unparalleled stability and performance.

NVIDIA RTX A400 4GB mini-DP*4 GDDR6 Graphics Card is a double-slot, 6.6" PCI Express Gen4 graphics solution based on the state-of-the-art NVIDIA Ampere architecture. It is an actively cooled product capable of 50 W maximum graphics power using a PCIe edge connector. NVIDIA RTX A400 delivers hardware-accelerated ray tracing, revolutionary AI features, advanced shading and powerful simulation capabilities to creative professionals. With the industry's most expansive graphics
