Powerfully designed to connect

Plug into more possibilities with the HP Series 5 Pro 23.8" FHD USB-C Monitor. Its sleek, modern design gives you crisp, stunning visuals and enhanced 100W power delivery with a single cable connection that seamlessly connects to PCs and peripherals at home or in the office.

The HP 524pu monitor combines a sleek 24-inch design with advanced technology to enhance any workspace. With a native resolution of 1920 x 1080 and a brightness level of 350 cd/m², images appear crisp and vibrant. Its 178-degree horizontal and vertical viewing angles allow for flexible positioning without losing clarity, making it ideal for both personal and professional use. The flicker-free and low blue light technologies ensure comfort during prolonged use, while the built-in USB 3.2 hub and Ethernet capability provide convenient connectivity options.

Experience seamless adjustments with a height range of 150 mm and multiple position options including tilt, pivot, and swivel. The anti-glare coating and durable WLED backlight technology provide an excellent viewing experience. Additionally, the monitor boasts compliance with various environmental standards, ensuring a responsible manufacturing process. The HP 524pu monitor is suitable for various environments, from home offices to corporate settings.
