and Solidworks for professional reliability.

## Uncompromised Color Accuracy and Visuals

Achieve true-to-life results thanks to exceptional color reproduction and support for modern visual standards.

- **4K UHD IPS Panel:** Experience stunning detail and wide viewing angles (178°/178°) on a 27-inch display with 3840 x 2160 native resolution.
- **Extensive Color Gamut:** Provides industry-standard color representation, covering 99% of both Rec 709 and sRGB color spaces.
- **HDR10 Support:** Enhance efficiency when previewing video HDR effects during the editing process, resulting in better contrast and depth.
- **High Contrast Ratio:** 1200:1 contrast ratio ensures deep blacks and bright whites, revealing subtle differences in shades.

## Optimized Workflow and Connectivity

The PD2705UA streamlines multi-device workflows with advanced connection options and specialized input controls.

- **USB-C Connectivity:** The single USB-C port simplifies setup by handling video/audio/data transmission simultaneously while delivering 65W of Power Delivery (PD) to charge compatible laptops.
- **Integrated KVM Switch:** Switch effortlessly between two different computer systems using a single keyboard and mouse set, maximizing workspace efficiency.
- **Hotkey Puck G2:** Easily access input modes, industry-standard color settings (like Darkroom or CAD/CAM), and other features with a dedicated physical controller.
- **Multiple Inputs:** Includes HDMI, DisplayPort, and a built-in USB 3.1 Hub for versatile device connection.
- **DualView and PIP/PBP:** Enhance productivity by displaying designs in two different modes side-by-side (DualView) or using Picture-in-Picture (PIP) and Picture-by-Picture (PBP) functions.

## Tailored Modes for Creative Professionals

BenQ offers specific display modes designed to highlight necessary details based on your professional task:

- **Darkroom Mode:** Automatically adjusts image brightness and contrast, optimized for working in dimly lit environments.
- **Animation Mode:** Improves the clarity of dark areas in complex models or animations without overexposing brighter regions.
- **CAD/CAM Mode:** Enhances the superior contrast of lines and shapes crucial for technical illustrations and engineering design work.

## Ultimate Ergonomics and Comfort

Designed for extended use, the PD2705UA features an Ergo Stand, ensuring optimal viewing comfort.

- **Ergonomic Stand Adjustments:** Achieve the perfect working angle with full adjustment capabilities, including height, pivot (90-degree rotation), swivel, and tilt.
- **Eye-Care Technology:** BenQ's industry-leading technology reduces eye strain and fatigue during prolonged use, promoting greater comfort.

**BENQ** is a global leader in professional display technology, known for providing visual solutions that enhance productivity and creative expression across various industries. Their DesignVue series is specifically engineered to meet the stringent demands of color accuracy and ergonomic efficiency for the creative community.
