The Palit GamingPro-S series is renowned for its robust thermal design, ensuring optimal performance even during intense, prolonged gaming sessions. The factory overclocked (OC) setting provides immediate, increased core clock speeds right out of the box, offering a significant performance advantage and smoother gameplay in competitive scenarios.

Key Features for Next-Gen Gaming:

- Powered by the NVIDIA GeForce RTX 5070 Ti chipset for industry-leading speed and efficiency.
- Massive 16 GB of high-speed GDDR7 video memory providing vast bandwidth.
- Advanced ray tracing cores for hyper-realistic lighting, shadows, and reflections in compatible games.
- Support for NVIDIA DLSS technology, accelerating frame rates while maintaining crisp image quality through AI upscaling.
- Efficient GamingPro-S cooling system designed for superior thermal dissipation and low operational noise.

PALIT is a trusted manufacturer recognized globally for producing high-quality, innovative graphics cards that push the boundaries of performance and cooling efficiency for gamers and professionals alike.
