Optimized Performance and Cooling

The Twin X2 cooling system is designed to maintain peak performance even during intense gaming sessions. Featuring two large, optimized fans, the cooler ensures superior thermal dissipation while maintaining low noise levels. This Overclocked (OC) edition arrives factory-tuned for enhanced speeds straight out of the box, offering a performance advantage over reference models.

Aesthetic Excellence

The INNO3D Twin X2 OC White is the perfect centerpiece for any clean, white-themed PC build. Its sleek, minimalist white shroud and backplate not only provide structural reinforcement but also elevate the overall look of your rig, combining raw power with pristine aesthetics.

Key Features:

- GeForce RTX 5060 architecture for superior graphical processing.
- 8192 MB GDDR7 high-speed video memory for faster rendering.
- Factory Overclocked (OC) for improved performance upon installation.
- Efficient Twin X2 dual-fan cooling system ensures quiet operation and optimal temperatures.
- Elegant all-white design ideal for aesthetic custom PC builds.
- Support for advanced NVIDIA technologies, including Ray Tracing and DLSS.

INNO3D is a trusted manufacturer known globally for producing high-quality, innovative graphics cards that deliver excellent performance and reliability to gamers and professionals alike.
