The 120Hz refresh rate provides smoother scrolling and less motion blur compared to standard monitors, allowing you to speed through tasks comfortably. Furthermore, Philips incorporates innovative SoftBlue technology, which reduces potentially harmful shortwave blue light without sacrificing color fidelity, ensuring a more comfortable viewing experience throughout long working hours.

Key Features for Productivity and Comfort:

- **Quad HD IPS Panel:** Experience detailed images and consistent color reproduction across wide 178° horizontal and vertical viewing angles, thanks to the high-performance 2560 x 1440 resolution.
- **120 Hz Refresh Rate and 4 ms Response Time:** Delivers ultra-smooth visuals, perfect for fast-paced professional applications and media consumption.
- **SoftBlue Technology:** Protect your eyes by reducing harmful blue light frequencies while maintaining the integrity and quality of the displayed colors.
- **SmartErgoBase Ergonomic Stand:** Customize your workspace with height adjustment, tilt, swivel, and pivot capabilities, ensuring the monitor is always positioned perfectly for maximum comfort.
- **Integrated USB 3.2 Gen 1 Hub:** Easily connect peripherals and streamline cable management using the built-in USB hub.
- **Integrated Audio and Connectivity:** Features built-in speakers and ample connectivity options including two HDMI ports.

Philips is a globally recognized technology leader dedicated to improving people's lives through meaningful innovation. Known for quality and user-centric design, Philips monitors deliver performance optimized for the modern workplace.

Order today from ++SHOP++ as we offer the best deals and reliable delivery on professional Philips display solutions.

Speed through daily tasks in comfort with this monitor's SoftBlue technology, Quad HD resolution, and 120Hz refresh rate. Not to mention, SmartErgoBase adds an ergonomic touch to the monitor's feature list.
