technology ensures consistent image quality.

Experience smoother motion than standard displays thanks to the 120Hz refresh rate and a rapid 4 ms response time. This combination makes working with fast-moving content, scrolling documents, or engaging in light creative tasks noticeably easier on the eyes.

Seamless USB-C Connectivity and Ergonomic Design

Streamline your workstation with the integrated USB-C connectivity. The single cable solution allows for high-speed data transfer (USB hub version 3.2 Gen 1), enabling you to connect peripherals and external storage devices quickly and efficiently. This ensures a cleaner desk setup and instant access to all your necessary tools.

- **23.8-inch Full HD (1920 x 1080) IPS Panel:** Provides superb clarity, vibrant colors, and consistent brightness from virtually any angle.
- **120Hz Refresh Rate and 4ms Response Time:** Ensures smooth, fluid on-screen motion, reducing eye strain during extended use.
- **Integrated USB-C Hub (3.2 Gen 1):** High-speed data connectivity to simplify cable management and connect peripherals easily.
- **Ergonomic Stand:** Features VESA mounting compatibility and comprehensive height adjustment, allowing you to position the screen perfectly for optimal comfort.
- **Built-in Speakers:** Integrated audio solution for clear sound without requiring external desktop speakers.

PHILIPS is a globally recognized technology brand committed to delivering meaningful innovation in the fields of healthcare, lighting, and consumer lifestyle, including high-performance visual display solutions built for modern business needs.

Order today from ++SHOP++ as we offer the best quality electronics and fast, reliable delivery service.

This FHD monitor brings all of the essentials to the table and more. With its IPS panel and USB-C connectivity, pictures stay vibrant while the connection provides high-speed data transfer.
