Save money

A reliable choice, low Total Cost of Ownership (TCO) and fewer replacement parts make this MFP an attractive choice for businesses on a budget.

High productivity and low intervention

Increase productivity with a fast First Page Out Time (FPOT) of 4.8 seconds from ready[1]. Print up to 40,000 pages without changing supplies with a high ink yield[2] . A paper capacity of up to 1,830 sheets (3 x optional 500 sheet cassettes) means less time spent refilling paper. A simple paper path and non-contact printing allows it to print on a wide range of media including recycled paper, glossy media and envelopes.

Reduce your environmental impact

Improve your businesses environmental impact, while keeping productivity high and energy costs lower.

Built for business

Perfect for small workgroups, a variety of software solutions can be integrated into your IT infrastructure to improve efficiency. Epson Print Admin creates a secure printing, scanning and copying environment through user-authentication. Epson Remote Services (ERS), with the device embedded agent, offers cloud-based device monitoring and management system. Epson Open Platform enables compatibility of the MFP with 3rd party solution partners like PaperCut, MyQ, Y Soft and more.
