

Graphics Card PALIT NVIDIA GeForce RTX 5070 12GB GDDR7 White OC

Modelis: NE75070U19K9-GB2050W

Gamintojas: PALIT

EAN: 4710562245295

Prekės kodas: 441451

721.99€

Powerful Performance Meets Elegant Design

The PALIT NVIDIA GeForce RTX 5070 White OC is a masterpiece of engineering, combining the cutting-edge NVIDIA Blackwell architecture with a stunning white aesthetic. Designed for gamers and creators who demand both style and substance, this White Series model features a crisp white shroud and backplate that perfectly complements light-toned PC builds. Beyond its looks, it delivers elite-level performance for AAA gaming and demanding creative tasks.

Advanced Cooling Technology

To maintain peak performance under heavy loads, this card is equipped with a robust triple-fan cooling system. The composite heat pipes utilize both grooved and sintered powder structures to maximize thermal conductivity. With 0-dB technology, the fans remain completely silent during light tasks and only activate when the GPU temperature or power consumption reaches specific thresholds, ensuring a quiet computing experience.

Next-Generation AI and Ray Tracing

Powered by the NVIDIA Blackwell architecture, the GeForce RTX 5070 introduces game-changing AI capabilities. With support for DLSS 4 and fifth-generation Tensor Cores, users can experience significant FPS boosts and improved image quality through neural rendering. The fourth-gen RT Cores provide unprecedented ray tracing realism, delivering cinematic visuals in the latest titles.

Key Features:

- Powered by NVIDIA Blackwell architecture for superior efficiency.
- 12 GB GDDR7 memory with a 192-bit interface for high-speed data processing.
- PCI Express 5.0 support for maximum bandwidth.
- Triple-fan active cooling system with 0-dB silent operation mode.
- SFF-Ready design, making it compatible with enthusiast Small Form Factor cases.
- Comprehensive connectivity with DisplayPort 2.1b and HDMI 2.1b ports.
- ThunderMaster utility for easy overclocking and monitoring.

PALIT is a globally recognized manufacturer specializing in high-performance graphics cards. Known for their innovative thermal solutions and reliable build quality, Palit continues to push the boundaries of PC gaming hardware.

Order today from ++SHOP++ as we offer the best deals on premium gaming hardware and fast delivery to your door.

Brighten Your Future: Gaming & Creation

Featuring a crisp white shroud and backplate, the WHITE Series seamlessly integrates into light-

toned PC builds, making your system look as sharp as it performs. Engineered for power and visual impact, each model incorporates optimized thermal solutions that balance cooling efficiency with stylish design.

Equipped with a robust triple-fan cooling system, the model is designed to handle AAA titles and demanding creative workloads. Composite heat pipes—featuring both grooved and sintered powder structures—boost thermal conductivity and efficiency, keeping the GPU running at peak performance.

Powered by NVIDIA Blackwell, GeForce RTX™ 50 Series GPUs bring game-changing AI capabilities to gamers and creators.

The Composite Heat Pipe leverages two advanced techniques—grooved and sintered powder structures—that work in harmony to enhance thermal efficiency.

An optimal copper powder composition is applied to boost the heat dissipation by up to 32%, ensuring your GPU maintains peak performance even under high-power scenarios.

RTX. It's On.

The Ultimate in Ray Tracing and AI

RTX is the most advanced platform for full ray tracing and neural rendering technologies that are revolutionizing the ways we play and create. Over 700 games and applications use RTX to deliver realistic graphics and incredibly fast performance with cutting-edge AI features like DLSS Multi Frame Generation.

Supreme Speed. Superior Visuals. Powered by AI.

DLSS is a revolutionary suite of neural rendering technologies that uses AI to boost FPS, reduce latency, and improve image quality. The latest breakthrough, DLSS 4, brings new Multi Frame Generation and enhanced Ray Reconstruction and Super Resolution, powered by GeForce RTX™ 50 Series GPUs and fifth-generation Tensor Cores. DLSS on GeForce RTX™ is the best way to play, backed by an NVIDIA AI supercomputer in the cloud constantly improving your PC's gaming capabilities.

Full Ray Tracing with Neural Rendering

Game-Changing Realism

The NVIDIA Blackwell architecture unlocks the game-changing realism of full ray tracing. Experience cinematic quality visuals at unprecedented speed powered by GeForce RTX™ 50 Series with fourth-gen RT Cores and breakthrough neural rendering technologies accelerated with fifth-gen Tensor Cores.

NVIDIA Reflex 2

Compete at Warp Speed

Reflex technologies optimize the graphics pipeline for ultimate responsiveness, providing faster target acquisition, quicker reaction times, and improved aim precision in competitive games. Reflex 2 introduces Frame Warp, which further reduces latency based on the game's latest mouse input.

RTX AI PCs

NVIDIA Powers the World's AI. And Yours.

Upgrade to advanced AI with NVIDIA GeForce RTX™ GPUs and accelerate your gaming, creating, productivity, and development. Thanks to built-in AI processors, you get world-leading AI technology powering your Windows PC.

Creators

Your Creative AI-dvantage

NVIDIA Studio boosts creativity with RTX 50 GPUs, enhancing video editing, 3D rendering, and design. Enjoy AI-powered tools and stable Studio drivers for optimized performance in creative workflows.

NVIDIA Broadcast

Your AI-Powered Home Studio

AI-enhanced tools elevate livestreams, voice chats, and video calls by removing noise and customizing visuals.

RTX Video

Upgrade Your Video Viewing

RTX Video Super Resolution sharpens details and removes artifacts, delivering stunning 4K clarity in

browsers.

RTX Remix

Remaster The Classics

RTX Remix helps modders enhance game assets, add ray tracing, and create stunning RTX remasters.

Video Editing

Speed Meets Creativity

The ninth-gen NVIDIA Encoder accelerates video exports and AI effects in top creative apps.

Additional Features and Benefits

Game Ready and Studio Drivers

GeForce Game Ready and Studio Drivers deliver the best experience for your favorite games. They're finely tuned in collaboration with developers and extensively tested across thousands of hardware configurations for maximum performance and reliability.

NVIDIA App

The essential companion for PC gamers and creators. Keep your PC up to date with the latest NVIDIA drivers and technology. Optimize games and applications with a new unified GPU control center, and discover the latest NVIDIA apps.

NVIDIA G-SYNC

NVIDIA G-SYNC® is a suite of the ultimate display technologies. They offer enhanced motion clarity, smooth tear-free immersion, ultra-high frame rates, and more.

Virtual Reality

The highest-performance graphics deliver the smoothest, most immersive VR experiences.

Build Small. Play Big.

You can pack high performance into a smaller footprint with this SFF-Ready Enthusiast GeForce card. Look for cases that are compatible with SFF-Ready Enthusiast GeForce Cards to get a sure fit and streamline your PC build.

Silent Performance When It Matters

The fans remain off during lighter tasks, delivering a silent operation. They activate only when needed.

Activation Conditions: GPU reaches ~60°C, or TGP exceeds ~150W

Deactivation Conditions: GPU drops below ~50°C, memory below ~80°C, and TGP below ~60W

Palit's new ThunderMaster has thorough upgrade from the previous version. It has more user-friendly interface as well as more personalized settings. With ThunderMaster, you can control your video card from overclock setting, fan speed to LED effect. You can also monitor GPU status with ThunderMaster utility.

Summary: Palit GeForce RTX 5070 White OC. Graphics processor family: NVIDIA, Graphics processor: GeForce RTX 5070, Processor frequency: 2325 MHz. Discrete graphics card memory: 12 GB, Graphics card memory type: GDDR7, Memory bus: 192 bit. Maximum resolution: 7680 x 4320 pixels. DirectX version: 12 Ultimate, OpenGL version: 4.6. Interface type: PCI Express 5.0. Cooling type: Active, Number of fans: 3 fan(s) | Vendor Homepage:
