Pagrindinės savybės

- ✓ Coned vents leverage thermodynamic principles to maximize cooling efficiency
- ✓ Preinstalled 2 x front 180mm PWM cooling fans
- ✓ Innovative quick-slide dust filter
- ✓ Removable top panel and detachable front bracket facilitates effortless assembly
- ✓ Modular front I/O allows versatile placement
- ✓ Upgraded new vertical GPU space improves cooling
- ✓ Increased cable routing

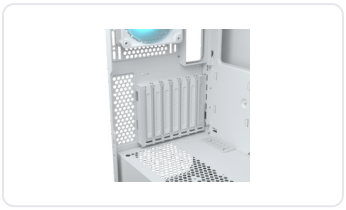

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

Aprašymas

Green is the New Cool

The Airface ECO RGB is designed with a focus on eco-efficiency. Coned vents taper inwards from a wide opening, leveraging thermodynamic principles to make the most out of the airflow funneled through the front panel. Supplemented by dual 180mm PWM fans, maximizing cooling at no additional energy cost reduces both environmental impact and ecological footprint.

Features such as the quick-slide dust filter, removable top panel and detachable front bracket have been ported to the Airface ECO RGB from the Duoface Pro based on their proven strength. Constructive feedback has led to upgrades, including increased cable routing and new vertical GPU space for unobstructed cooling. Additionally, a modular front I/O allows for versatile placement options so that all your ports and buttons are easily accessed regardless of the case’s orientation.

Thermodynamic Cooling

By tapering inwards from a wide opening, coned vents channel air more efficiently into the case. This smart design maintains a lower internal temperature at a reduced energy cost, pushing more air for less power.

Preinstalled Front 180mm PWM Cooling Fans

Two powerful 180mm PWM front cooling fans keep your system cool under heavy loads. These fans are preinstalled to provide optimal airflow right out of the box, with speeds that modulate according to your system’s needs. The Airface ECO RGB also comes with a preinstalled 120mm rear exhaust fan.

Full Protection from Dust

Filters on the three ventilated sides – front, top, bottom – effectively prevent dust from entering, keeping your components clean. The front quick slide dust filter pulls out without removing the front panel, making maintenance a breeze, and the addition of a rubber tag augments the ease of use by providing a better grip on the filter. The top side filter attaches magnetically while the bottom filter slides out for easy removal.

Easiest. Assembly. Ever.
The removable top panel simplifies access to the interior of your case, giving you extra space to make assembling your rig a breeze.

Modular Front I/O

Whether you prefer your ports and buttons on the top or bottom, this feature allows you to position them wherever they are most convenient for you. This adaptability ensures that all your connections are easily accessible, no matter which way you orient your case. The Airface ECO RGB’s I/O panel includes 1 x USB-C 3.2 Gen 2, 2 x USB-A 3.0 ports, 4 pole headphone jack, RGB button.

Upgraded GPU Space

The Airface ECO RGB accommodates a maximum GPU length of 390mm, which can be set up both horizontally or vertically. Responding to user feedback, vertical GPU space has been upgraded for the Airface ECO RGB : this improvement provides more room for unobstructed airflow around the GPU.

Increased Cable Routing

Efficient cable management is crucial for both aesthetics and maintenance. Increased cable routing options allows you to keep your cables neatly organized and out of the way.

Synchronized Lighting

The built-in LED controller syncs with the motherboard for seamless system-wide lighting synchronization.

Drive Capacity

The Airface ECO RGB houses up to 2 x 2.5” SSD drives and 2 x 3.5” HDD drives.

Versatile Motherboard Compatibility

The Airface ECO RGB is compatible with Mini-ITX, Micro-ATX, ATX, CEB, and E-ATX motherboards, offering flexibility for various build configurations.

Techninė specifikacija

Design	
Form factor	Midi Tower
Type	PC
Product colour	White
Supported motherboard form factors	ATX, CEB, EATX, micro ATX, Mini-ITX
Number of 3.5" bays	2
Number of 2.5" bays	2
Number of expansion slots	7
Side window	Yes
Illumination	Yes
Illumination colour	Multi
Illumination location	Case fans
Anti-dust filter	Yes
Cable management	Yes
On/off button	Yes
RGB control button	Yes
LED indicators	Yes
Maximum CPU cooler height	19 cm
Maximum graphics card length	39 cm
Maximum PSU length	20 cm
Power supply	
Power supply included	No

Ports & interfaces	
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	2
USB 3.2 Gen 2 (3.1 Gen 2) Type-C ports quantity	1
Audio output	Yes
USB Type-C ports quantity	1
ARGB ports quantity	2
Combo headphone/mic port	Yes
Cooling	
Fan speed control	Yes
Front fans installed	2x 180 mm
Number of front fans supported (max)	3
Front fans diameters supported	120,140,180 mm
Rear fans installed	1x 120 mm
Number of rear fans supported (max)	1
Rear fans diameters supported	120,140 mm
Number of top fans supported (max)	3
Top fans diameters supported	120,140 mm
Fan speed	300 - 1200 RPM
Liquid cooling capability	Yes
Front radiator sizes supported	120,140,240,280,360 mm
Rear radiator sizes supported	120,140 mm
Top radiator sizes supported	120,140,240,280,360 mm
Storage	
Supported HDD sizes	2.5,3.5"
Weight & dimensions	
Width	240 mm
Depth	480 mm
Height	509 mm
Weight	9.99 kg
Packaging data	
Package width	310 mm
Package depth	585 mm
Package height	586 mm
Package weight	11.4 kg
