photos, or designing web content, the XUB2293HSU-W7 delivers outstanding performance.

Its three-side borderless (edge-to-edge) design makes it the ideal choice for creating virtually seamless dual or triple screen workstations, significantly enhancing productivity in demanding office or creative environments.

Unmatched Ergonomics and Visual Comfort

- **IPS Panel Technology:** Provides superior color reproduction, excellent contrast, and wide 178°/178° viewing angles, crucial for accurate visual work.
- **100Hz Refresh Rate:** Offers a smoother viewing experience compared to standard 60Hz displays, reducing motion blur and improving eye comfort during extended use.
- **Ergonomic Stand:** Achieve optimal comfort with a highly flexible stand featuring 150mm height adjustment, tilt, swivel, and pivot (rotation) capabilities, ensuring the screen is always at the perfect ergonomic position.
- **Blue Light Reducer:** Specialized technology that helps minimize eye strain and fatigue during long working sessions.
- **Rapid Response Time:** A swift 1ms response time ensures clear, ghost-free images, even when viewing fast-moving content.

Connectivity and Convenience

Connectivity is streamlined for the modern professional. The monitor includes versatile input options such as HDMI and DisplayPort. Furthermore, the integrated 2-port USB 2.0 hub allows for convenient connection of peripherals directly through the display, keeping your desktop clutter-free. Built-in speakers and a headphone socket complete the comprehensive feature set.

iiyama is renowned globally for producing high-quality, reliable, and performance-focused monitors suitable for demanding professional and commercial environments.
