The Philips 34B2U6603CH 6000 Series monitor is designed for professionals requiring massive screen real estate, seamless connectivity, and superior visual performance. Featuring an expansive 34-inch ultra-wide curved screen with WQHD resolution (3440 x 1440) and a 21:9 aspect ratio, this monitor minimizes the need for multi-monitor setups, significantly boosting multitasking efficiency. Its high 120 Hz refresh rate combined with AMD Adaptive-Sync ensures smooth performance, whether you are analyzing data or viewing high-motion multimedia content.

Advanced Connectivity and Power Delivery

This monitor functions as a comprehensive docking station, simplifying cable management and expanding your workflow capabilities:

- **USB-C Docking:** Integrated USB 3.2 Gen 2/USB-C hub providing up to 100 Watts of Power Delivery (PD) to conveniently charge connected laptops.
- **Thunderbolt 4:** Includes Thunderbolt 4 support for ultra-fast, single-cable data transfer and stable high-resolution video connection.
- **Network Access:** Built-in Gigabit Ethernet network adapter allows for secure, wired network access directly through the monitor.
- **KVM Switch:** The integrated KVM Switch enables you to control two separate computing devices (such as a desktop and a laptop) using a single keyboard and mouse set.
- **Daisy Chaining:** DisplayPort daisy chaining support simplifies connecting multiple screens.

Superior Visuals and Ergonomics

The VA panel technology delivers exceptional image quality ideal for professional colour work and detailed tasks. With DisplayHDR 400 certification, you benefit from impressive peak brightness (550 cd/m²) and a high contrast ratio (4000:1 native).

- **Resolution and Refresh:** WQHD 3440 x 1440 native resolution at 120 Hz refresh rate.
- **Colour Accuracy:** Supports 16.7 million colours (8-bit) and covers 120% sRGB and 101% NTSC colour gamuts.
- **Adaptive Sync:** AMD Adaptive-Sync technology eliminates screen tearing and stuttering.
- **Ergonomic Comfort:** The robust stand allows full height, swivel, and tilt adjustments, ensuring you can find the perfect viewing angle.
- **Screen Protection:** Features Anti-glare coating with 3H Hard Coating and Haze 25%.

Seamless Collaboration with Built-in Webcam

Enhance your remote work and conferencing setup with the integrated 5 Megapixel pop-up webcam. This camera ensures crisp video quality for meetings, while the audio input support allows for clear communication. The pop-up mechanism provides an essential layer of physical privacy when the camera is not in use, meeting high security and ergonomic standards (TUV-GS, TUV-Ergo).

MMD-MONITORS & DISPLAYS is a leading technology company responsible for manufacturing and distributing high-quality Philips displays worldwide, focusing on innovation, user-centric design, and powerful connectivity solutions. Order this powerful productivity solution today from ++SHOP++ and transform your workspace.

The Philips 34B2U6603CH LED-backlit LCD monitor enhances your viewing experience with its 34-inch ultra-wide display and a native resolution of 3440 x 1440. This monitor delivers crisp and detailed visuals and supports an ergonomic design with height and tilt adjustments, allowing you to find the perfect viewing angle for comfort and productivity. The inclusion of a built-in USB hub enhances its functionality, providing convenient connectivity options for your devices. With WLED backlight technology, it offers energy-efficient performance, making it a suitable choice for both professional and personal use. Additionally, the monitor's durability is ensured by a flat front bezel and a Kensington security slot, offering peace of mind in any environment.
