AG Neovo TX-1902 19-inch Touch Screen Monitor

The AG Neovo TX-1902 is a 19-inch touch screen monitor that delivers a smooth and responsive touch experience. Featuring a 10-point projected capacitive (PCAP) multi-touch screen, it's even responsive when using latex gloves. With versatile connectivity options including DisplayPort, HDMI, and VGA, the TX-1902 supports both analog and digital signals, making it suitable for various applications such as factory automation, information displays, digital signage, and self-service kiosks. The monitor features a durable metal housing with an edge-to-edge tempered glass design, perfect for continuous operation in demanding and high-traffic environments.

- **Premium PCAP Multi-Touch Screen:** Registers up to 10 simultaneous touch points with fast, accurate, and sensitive touch responses, similar to smartphones and tablets.
- **Cross-Platform Touch Capability:** Optimized to work with Windows, Linux, macOS, and certain Android versions, giving you more operating system choices.
- **IP65 Dust and Water Protection:** The front panel is protected against dust and liquid spills, making it ideal for industrial workplaces and high-traffic public locations.
- **Consistent Form Factor Design:** Easy to replace without changing your existing infrastructure due to AG Neovo's commitment to consistent form factors and long product life cycles.
- **Durable and Scratch Resistant:** Boasts a metal housing and 7H tempered glass for high durability and scratch resistance during 24/7 operation.
- **Ergonomic and Flexible Mounting:** Offers flexible mounting options, including an adjustable tilt stand (-5 to 90 degrees), desk mounts, wall mounts, and VESA mounting patterns.
- **Versatile Connectivity:** Equipped with VGA, DisplayPort, and HDMI inputs for maximum versatility and compatibility with a variety of devices.

AG Neovo is a company known for its high-quality display solutions designed for demanding applications, combining durability with advanced technology.

AG Neovo TX-1902 19-inch touch screen monitor provides a smooth and responsive touch experience with 10-point projected capacitive (PCAP) multi-touch screens, including responsiveness to latex gloves. With DisplayPort, HDMI and VGA input connectivity, the TX-1902 supports analogue and digital signals respectively, making them flexible for various applications such as factory automation, information displays, digital signage, and self-service kiosks. The TX-1902 touch monitor is complemented by a metal housing with an edge-to-edge tempered glass design which enhances durability for continuous operation in demanding and high-traffic areas.

PREMIUM PCAP MULTI TOUCH SCREEN

Based on PCAP touch screen technology, the TX-1902 touch screen monitor can register up to 10 simultaneous touch points with fast, accurate, and extremely sensitive touch responses. These seamless touch senses are identical to those used in smartphones and tablets.

CROSS-PLATFORM TOUCH CAPABILITY

Multi-Touch capability is optimized to work with various operating systems, providing compatibility with Windows, Linux, macOS, and certain Android versions. This enables more choice to the operating system you use.

IP65 DUST AND WATER PROTECTION

The TX-1902 front IP65 touch screen monitor is designed to protect against dust and liquid spills. This makes the TX-1902 a durable touch monitor ideal for the industrial workplace or the demanding, high-use, and high-traffic public locations.

CONSISTENT FORM FACTOR DESIGN

Replacing AG Neovo touch screens never requires users to change their whole infrastructure. This is because AG Neovo offers a consistent form factor and long product life cycles. Even as technology advances, no change is made to exterior dimensions or design.

DURABLE AND SCRATCH RESISTANT TOUCH SCREEN

For 24/7 operations in public settings, the TX-1902 uses metal housing and 7H tempered glass displays to offer high durability and scratch resistance levels, all without compromising touch sensitivity.

ERGONOMIC MONITORS WITH FLEXIBLE MOUNTING

The TX-1902 touch monitor offers flexible mounting options, from the adjustable stand that come with the monitor to desk mounts, wall mounts, and all monitor mounts feature VESA mounting patterns. The TX-1902 features adjustable tilt stands. With a tilt capacity ranging from -5 to 90 degrees, users can work in the position most comfortable for them. Tilt stands are beneficial for facilitating public access by non-disabled and disabled users.

VERSATILE CONNECTIVITY

The TX-1902 provides new and legacy systems the best of both worlds since it has both analogue (VGA) and digital (DisplayPort and HDMI) video inputs, which provide maximum versatility and facilitate users to connect to a variety of devices.
