- **High Brightness:** Enjoy 2000-nit brightness for outdoor visibility, even in direct sunlight, ensuring clear and vivid content. A built-in sensor automatically adjusts brightness levels to match changing light conditions.
- **Slim Depth:** An ultra-slim design with a thickness of 45.6mm allows for installation in various environments with a clean look, maximizing the display's impact.
- **Even Bezel:** The even bezel design offers an aesthetic balance whether installed horizontally or vertically, adding stability to your visuals.
- **IP5X & Overheating Mitigation:** With IP5X-validated dust protection and embedded functionality that mitigates overheating, enjoy optimized operation in a variety of conditions for consistent performance.
- **Embedded Wi-Fi:** Built-in Wi-Fi allows for wireless remote management of both content and display, streamlining operations and enhancing convenience.
- **SmartThings Pro:** Extends beyond the home, integrating into business environments, delivering convenience across various business settings.
- **Samsung VXT:** The cloud-based Samsung VXT brings together content management and remote device management capabilities.

Samsung is a global leader in technology, known for its innovative products and commitment to quality. From displays to mobile devices, Samsung enhances the way people live and work.

Bring in customers with captivating displays

Samsung Window Signage adds a stunning display to your storefront. Featuring high brightness and clarity, even in direct sunlight, the display makes your messages stand out. The slim design maximizes space utilization while creating captivating and engaging customer experiences.

Clear and vivid displays in any light

High Brightness

Enjoy 2000-nit brightness for outdoor visibility—even in direct sunlight and for viewers wearing sunglasses—the OM32DX delivers clear, vivid content. A built-in sensor automatically adjusts brightness levels to match changing light conditions.

Maximum impact in minimum space

Slim Depth

An ultra-slim Window Signage with a thickness of 45.6mm makes the OM32DX conveniently thin. Its thinness allows for installation in various environments with a clean look. The sleek design maximizes the display's impact, integrating seamlessly into your business setting.

Clean visuals in landscape or portrait mode

Even Bezel

The OM32DX boasts an even bezel design where the thickness of all four bezels are consistent. Regardless of whether it is installed horizontally or vertically, this symmetrical design offers an aesthetic balance that adds stability to your visuals.

Operate smoothly

IP5X & Overheating Mitigation

With IP5X-validated dust protection and embedded, proprietary functionality that mitigates overheating, Samsung window display helps you meet your needs. Enjoy optimized operation in a variety of conditions for consistent performance.

Convenient, clean display control

Embedded Wi-Fi

Built-in Wi-Fi allows for wireless remote management of both content and display, streamlining operations and enhancing convenience. This function eliminates the need for cumbersome cables and enables real-time updates, giving users greater control over their signage setup.

Empower your business with smart control

SmartThings Pro

Samsung SmartThings now extends beyond the home, integrating into business environments. SmartThings Pro connectivity delivers convenience across various business settings, from small personal shops to large companies and hotels.

Change the way to manage your display

Samsung VXT

The cloud-based Samsung VXT brings together content management and remote device

management capabilities, allowing you to remotely manage hardware settings and troubleshoot
