Prekės kodas: 446389

444.99€

AG Neovo X-15E 15-inch LED Monitor

The AG Neovo X-15E industrial monitor features a 4:3 aspect ratio and a durable metal casing, designed for reliable 24/7 operation in demanding environments. It delivers an optimal visual experience with excellent color, brightness and contrast. The NeoV optical glass screen is scratch-resistant with anti-acid and anti-alkali coating treatment with a corrosion-resistant metal casing that makes it ideal for public spaces, laboratories and light industrial applications.

Features:

- Protective glass to withstand chemical exposure.

- Durable in light industrial environments.
- Versatility, productivity, and compatibility with multiple video sources.
- Patented Anti-Burn-in technology to prolong the monitor's lifetime.
- Consistent design for easy replacement and long product life cycles.
- Enhanced gamma correction for visually optimized images.
- Versatile connectivity options include DisplayPort and HDMI.
- PIP/PBP Functionality.

AG Neovo is known for manufacturing high-quality, durable monitors designed for demanding professional environments. Their products incorporate advanced technologies to ensure reliability and longevity.

Order today from ++SHOP++ as we offer the best prices and fast shipping.

The X-15E 4:3 industrial monitor with the metal casing is designed for reliable 24/7 operation in demanding environments. With selectable gamma curves and versatile connectivity, this monitor provides an optimal visual experience with excellent colour, brightness, and contrast ratio. NeoV optical glass screen and corrosion-resistant metal casing shield it from scratches and chemical exposure which make it ideal for public, laboratory, and light industrial applications.

PROTECTIVE GLASS TO WITHSTAND CHEMICAL EXPOSURE

The NeoV Optical Glass attached to the X-15E screen is scratch-resistant with anti-acid and anti-alkali coating treatment and tough enough to withstand repeated cleaning.

DURABLE IN LIGHT INDUSTRIAL ENVIRONMENT

Its corrosion-resistant metal casing provides enhanced heat dissipation, making the X-15E industrial monitor durable for demanding environments.

VERSATILITY, PRODUCTIVITY AND COMPATIBILITY

Visualize critical data and engage with multiple video sources and PC applications with versatile connectivity options, including DisplayPort and HDMI, and PIP/PBP to increase productivity and efficiency. Selectable aspect ratio and zoom functions provide compatibility with different video sources.

PATENTED ANTI-BURN-IN TECHNOLOGY

AG Neovo's patented Anti-Burn-in technology tackles the LCD monitor burn-in effect, otherwise known as a ghost image on the screen. Burn-in images result in the polarisation of the liquid crystal material contained within the TFT LCD panel. The Anti-Burn-in technology prolongs the lifetime of AG Neovo monitors featuring this technology to secure user's investment.

CONSISTENT DESIGN WITH A LONGER LIFETIME

Replacing AG Neovo industrial monitors never requires users to change their whole infrastructure. This is because AG Neovo offers a consistent form factor and long product life cycles. Even as technology advances, no change is made to exterior dimensions or design.

ENHANCED GAMMA CORRECTION

Selectable gamma curves visually optimise different kinds of images. The AG Neovo specialised image settings enhance colour, brightness, sharpness and contrast ratio, allowing the X-15E industrial monitor with a metal casing to improve the light, shadows and colour balance of videos.
