The Lenovo ThinkPad P14s Gen 5 mobile workstation is engineered to empower you with superior computing capabilities. Equipped with an Intel® Core™ Ultra processor featuring an integrated Neural Processing Unit (NPU), this laptop ensures optimal performance while you're on the move. Benefit from enhanced enterprise security with Intel vPro® and streamlined heavy workflows with professional-grade NVIDIA RTX™ graphics.

## **Experience Visual Excellence**

The ThinkPad P14s Gen 5 redefines visual clarity with its stunning 14.5" display. Every pixel is bright and precise, enhanced by an antiglare treatment and low blue light certification to minimize eye strain. The integrated Communication Bar features a high-resolution 5MP camera and superior microphones for crystal-clear audio-video conferencing.

## **Stay Connected and Productive**

Boost your productivity with the P14s Gen 5 Intel mobile workstation. Its array of ports, fast memory, and seamless connectivity—including advanced WiFi capabilities—ensure you can keep pace with any workflow. Ideal for power users, industrial engineers, and designers, this workstation delivers top-tier performance at an economical price.

## **Unmatched Customization and Control**

The redesigned ThinkPad keyboard enhances accessibility and control. An enlarged TrackPad offers precise navigation, while the TrackPoint Quick Menu optimizes audio-visual settings with a simple double tap. The advanced cooling system, featuring dual-fan setup and rear vents, ensures peak thermal performance in any environment.

## **Eco-Friendly Performance**

Designed for reliable operation under heavy workloads, the ThinkPad P14s Gen 5 workstation features numerous ISV-certified apps, including AVID® and Autodesk®. It is also energy-efficient and holds several environmental certifications. Built in part with recycled plastics and metals, this workstation offers performance that doesn't cost the earth.

## **Superior Security Features**

Protect your device with ThinkShield, Lenovo's suite of advanced hardware and software security solutions, providing data encryption and biometric safeguards. AI-powered Intel® Threat Detection technology helps prevent ransomware, cryptojacking, and other threats. With ThinkShield, your assets are always secure.

## **Durability You Can Trust**

ThinkPad laptops are engineered to meet the US Department of Defense's MIL-STD 810H standards, ensuring a balance of reliability and durability. Meeting or exceeding stringent standards, procedures, and quality checks, the ThinkPad P14s Gen 5 is designed to withstand extreme conditions and the rigors of daily use.

**Lenovo** is a global leader in providing innovative technology solutions, offering a wide range of products designed for both professional and personal use.

Order today from ++SHOP++ as we offer the best prices and fast delivery!

## **When You Dare to do More With Raw Power**

Unlock AI efficiency for superior computing prowess with the ThinkPad P14s Gen 5 mobile workstation. Driven by Intel® Core™ Ultra processor with an integrated Neural Processing Unit (NPU), this machine ensures peak performance on the go. While Intel vPro® boosts enterprise security, pro-grade NVIDIA RTX™ graphics simplify heavy workflows.

## **Beyond the Boundaries of Conventional Viewing**

We've redefined the visual experience on the P14s Gen 5 workstation. Its 14.5" screen brightens every pixel for precise clarity. Each display option is antiglare treated and certified for low blue light to prevent eye fatigue. Plus, the Communication Bar atop the screen boasts a hi-res 5MP camera and superior mics for consistent audio-video calls.

## **Break Free, Stay Connected — Anywhere, Everywhere**

Propei your productivity on the P14s Gen 5 intel mobile workstation. its ample ports, swift memory,

and uninterrupted connectivity with advanced WiFi capabilities enable you to keep pace with your workflows. Perfect for power users, industrial engineers, and designers, it renders top-tier performance at an economical price.

### **Customizable, Controllable, Unstoppable**

Our ThinkPad keyboard is redesigned for improved accessibility and greater control. Its enlarged TrackPad offers navigation precision, while the TrackPoint Quick Menu optimizes audio-visual settings with just a double tap. That's not all — its advanced cooling system with dual-fan setup and rear vents guarantee peak thermal performance everywhere.

### **Performance That Doesn't Cost the Earth**

Designed for reliable operation under heavy workloads, the P14s Gen 5 workstation boasts a number of independent software vendors (ISV) certified apps like AVID® and Autodesk®. It's also energy-efficient and holds several environmental certifications. Plus, you'll love that it's built in part with recycled plastics and metals. See Tech Specs.\*See the complete list of ISV certifications

### **Security at its Finest: Defend, Detect, Deter**

ThinkShield, our advanced security suite of hardware and software solutions, safeguards your device with data encryption and biometrics. Additionally, AI-powered Intel® Threat Detection technology helps prevent ransomware, cryptojacking, and more. When it comes to security and protecting your assets, we've got you covered!

### **Tested Tough to Challenge the Extremes**

We use the US Department of Defense's MIL-STD 810H to create a balance of reliability and durability for ThinkPad laptops. Meeting or exceeding 12 standards, 26 procedures, and 200+ quality checks ensure that the ThinkPad P14s Gen 5 (14" Intel) mobile workstation runs in extreme conditions, and withstands life's trips and spills.

Specifications may vary depending upon region / model.
