Engineered for competitive excellence, the Philips Evnia 5000 series monitor delivers raw speed and pristine visual clarity. Designed specifically for demanding gamers, the 25M2N5200U/00 provides the ultimate advantage with its groundbreaking performance, allowing you to react faster and see details clearer than the competition.

Extreme Performance: 390 Hz and 1ms

This monitor is defined by speed. Utilizing advanced overclocking capabilities, you can achieve a trail-blazing 390 Hz refresh rate, ensuring that every frame is rendered instantaneously. Paired with a rapid 1ms response time, motion blur and ghosting are virtually eliminated, allowing for pixel-perfect targeting and ultra-smooth gameplay, crucial for fast-paced action games and esports.

Fast IPS Panel with DisplayHDR 400

The 24.5-inch Full HD (1920 x 1080) Fast IPS panel offers both speed and superior image quality. Unlike standard panels, this IPS technology provides wide 178° viewing angles and accurate color reproduction, ensuring vibrant visuals across the screen. Furthermore, VESA DisplayHDR 400 certification guarantees brilliant peak brightness and deeper contrast, making the in-game world immersive even when running at maximum speed.

Optimized Connectivity and Ergonomics

The Evnia 5000 is built for comfort and convenience, featuring comprehensive ergonomic adjustments and integrated connectivity options to keep your setup tidy and efficient.

Key Features:

- 24.5-inch display diagonal with crisp Full HD (1920 x 1080) resolution.
- Blazing Fast IPS panel technology offering wide 178° viewing angles and superior color fidelity.
- Extreme 390 Hz refresh rate (overclocked) for fluid, competitive gameplay.
- 1ms response time minimizing ghosting and motion blur (MPRT/GtG).
- Integrated USB 3.2 Gen 1 hub for convenient peripheral connectivity and charging.
- Ergonomic stand with height adjustment, tilt, and swivel for optimal viewing comfort.
- VESA mounting compatibility for flexible setup options.
