## Features:

- **CHERRY SX Scissor Technology:** Provides a precise and quiet keystroke for a comfortable and productive typing experience.
- **Quiet 6-Key Mouse:** Ergonomically designed for both large and small hands, with adjustable DPI in 3 steps for customized speed.
- **Rechargeable and Replaceable Batteries:** Includes high-quality GP ReCyko+ rechargeable batteries and a USB-C cable, allowing you to charge while working. Batteries are easily replaceable, unlike permanently installed lithium cells.
- **AES-128 Encryption:** Equipped with Advanced Encryption Standard (AES-128) to encrypt keystrokes and mouse movements for secure data transmission.
- **Customizable with CHERRY KEYS Software:** Offers optional software for individual configuration of keyboard and mouse settings.
- **Durable and Stable Design:** Features a metal plate for maximum stability, rubber pads, and rubberized feet for a secure grip.
- **Certifications:** Awarded the "Safety Tested" GS seal and the "Blue Angel" for compliance with European safety and ergonomics standards, as well as sustainable purchasing.

The CHERRY Stream Desktop Recharge combines the popular features of the STREAM KEYBOARD with wireless technology and a convenient charging concept. It's a reliable and durable choice for both professional and personal use.

**CHERRY** is a brand known for its high-quality, durable, and innovative computer peripherals, designed to enhance productivity and user experience.

Order today from ++SHOP++ as we offer the best prices and fast delivery. Enhance your computing experience with CHERRY!

### **The best STREAM ever as a wireless premium version with charging function.**

The STREAM DESKTOP RECHARGE is the premium version of the successful STREAM DESKTOP. The design of the wireless set looks confusingly similar, yet it is worth a closer look: New features include rechargeable and replaceable batteries. Another new features is that the wireless mouse now also has AES encryption and not just the keyboard.

The STREAM DESKTOP RECHARGE is based on our very own SX scissor technology. The unmistakable CHERRY writing experience is created by the precise keystroke of the quiet PC keyboard. This lays the foundation for a productive working day with low noise levels.

The 6-key mouse, which also has extremely quiet buttons, is an excellent match. The size and shape are equally suitable for large and small hands. The resolution and therefore also the speed can be adjusted in 3 steps via a DPI switch.

If you value ease of use, STREAM DESKTOP RECHARGE is right for you. The computer mouse and keyboard can be recharged even while you continue to work. The USB-C cable and the high-quality GP ReCyko+ rechargeable batteries are included in delivery. Unlike most keyboard-mouse sets on the market, there are no permanently installed lithium cells in this desktop. The NiMH batteries used here can be easily exchanged if necessary. Let's be honest: A CHERRY keyboard usually lasts longer than any rechargeable battery.

Encryption is a very important factor if you work with sensitive data. This set is equipped with AES-128 (Advanced Encryption Standard). Keystrokes and mouse movements are encrypted 128-bit CCM encryption before they are transmitted. The status LEDs integrated in the keys are also highly practical.

You can attain a maximum of flexibility with the optional CHERRY KEYS software. This application enables you to configure your keyboard and mouse according to your individual requirements. Download on [www.cherry.de/keys](http://www.cherry.de/keys) is free of charge.

As with all members of the STREAM family, The STREAM DESKTOP RECHARGE is reinforced with a metal plate for maximum stability. The keyboard has a long range and also has eight rubber pads and rubberized feet on the back. The mouse is of similar quality. It fits stably and securely in your hand and yet glides effortlessly across the table.

The desktop set bears the "Safety Tested" GS seal, which means it complies with all relevant European directives and regulations on safety and ergonomics. The "Blue Angel" award means that the desktop set stands out for those wishing to make a sustainable and responsible purchase.

**The new wireless desktop set from CHERRY combines all the popular features of the million-selling**
