content clarity and vividness. A 38% boost to the advanced NPU and 23% smoother visuals keep you ahead in gaming and multimedia.

## Features:

- **Enhanced Viewing:** Advanced mobile Digital Natural Image engine (mDNle) technology delivers 4 times better processing precision for richer tones.
- **Optimized Performance:** Redesigned Vapor Chamber and tailored thermal interface material (TIM) provide up to 29% enhanced heat dissipation for cooler operation.
- **Fast Charging:** Get back to full power quickly with fast wired charging, reaching up to 69% charge in around 30 minutes.
- **Ample Storage:** Comes with 12 GB of memory and a 512 GB storage option.
- **Nightography:** Capture special moments more clearly, from city lights to candlelight.
- **Super Steady Video:** New Horizontal Lock feature combines expanded optical angles with gyro and acceleration sensors to keep your shots level, even when rotating a full 360°.
- **AI-Powered Photo Assist:** Get quick and easy photo editing with just a few words, adding objects and realizing your vision in minutes.
- **Now Nudge:** Galaxy AI provides helpful shortcuts and Autofill suggestions based on your screen's context.
- **Privacy by Default:** Personal Data Engine gathers, processes, and encrypts your personal data safely with KEEP and Knox Vault.
- **Circle to Search:** Use Circle to Search with Google to find multiple items by simply circling an outfit on your screen.

The Galaxy S26 and S26+ feature front cameras equipped with an AI image signal processor (ISP) for natural selfies with highlights and shadows, true to your natural skin tone. With One UI 8.5, personalize your Galaxy based on your day-to-day use, making daily tasks easier with contextual reminders and intelligent suggestions.

**Samsung** is a world leader in electronics and technology, dedicated to creating innovative products that enhance the lives of its customers.

## DESIGN

### Designed to redefine

Meet Galaxy S26 and S26+, our powerful AI phones, unified by a single corner radius that flows across every model and feels perfect in any hand.

## PERFORMANCE

### Our powerful processor, customised for Galaxy

From epic quests to real-time multiplayer, the customised processor delivers blazing speed and powers a customised image enhancer that helps content look clear and vivid. Plus, a 38% boost to the advanced NPU and 23% smoother visuals keep you ahead of the game.

### Upscale your viewing experience

Witness the full spectrum. Enhanced colour and light representation from our advanced mobile Digital Natural Image engine (mDNIE) technology delivers 4 times better processing precision for richer tones. This results in a substantial boost in graphic performance. ProScaler also gives every image the impact it deserves, thanks to AI processing improvements, providing true-to-life details for an immersive experience.

### Play longer. Stay cooler

Stay cool when the action heats up. The redesigned Vapor Chamber and tailored thermal interface material (TIM) support the high-performing customised processor during demanding sessions. By spreading heat more efficiently, they provide up to 29% enhanced heat dissipation for cooler operation.

Further supported by ray tracing and Vulkan optimisation, your device maintains peak performance while watching hours of videos and delivers smooth visuals and lightning-fast rendering without breaking a sweat.

### Power up quickly

Your day, uninterrupted. Fast wired charging gets you back to full power in no time – up to 69% charge in around 30 minutes – and keeps you in your flow.

### Storage for everyday moments

Galaxy S26 and S26+ come with 12 GB of memory and two storage options: 256 GB or 512 GB so

you can choose the capacity that fits how you use your phone. Choose 256 GB to keep your favourite

photos and essential apps for daily use. Or upgrade to 512 GB if you like gaming, capture hi-res photos often or download larger apps without slowing down your phone.

## **CAMERA**

### **Clear and bright, even at night**

From city lights to candlelight, Nightography lets nights shine so you can capture special moments more clearly.

The next-gen camera system captures a broader dynamic range, ensuring shadows and highlights remain clear and vivid. The advanced AP then provides noise reduction based on individual noise patterns unique to each sensor type, delivering footage that feels natural and cinematic even in low-light environments.

### **Check the specs on our powerful camera system**

Powered by ProVisual Engine, the advanced 50 MP camera elevates every shot, enhancing your subjects with smarter detail, richer colour and clarity that keeps up with your imagination.

### **Super Steady Video. Even on the go**

Super Steady's new Horizontal Lock feature combines expanded optical angles with gyro and acceleration sensors to recognise the direction of gravity and keep your shots level, even if you rotate a full 360°. Whether you're on rocky trails or chasing your fastest finish, get smoother, shake-free videos every time.

### **Make every selfie your best shot**

Galaxy S26 and S26+'s front cameras now feature an AI image signal processor (ISP) for more natural selfies with highlights and shadows where they should be — true to your natural skin tone and other details such as hair and eyebrows, just as your eyes see them.

## **GALAXY AI**

### **Photo Assist.**

### **Studio-level edits. Built in**

Get quick and easy photo editing with just a few words and AI. Add objects, such as accessories on photos of your pet by naturally describing the edits you wish to make, and Galaxy AI will realise your vision in minutes.

## **From photos to stickers in a tap**

Open Creative Studio and discover a dedicated space to create sticker sets. Mix sketches or photos with text that match your imagination. With a simple text description or a rough sketch outline, Galaxy AI produces the creations. Then, add the set to your keyboard or share it with your friends.

## **Real-time suggestions when you need it**

### **Now Nudge**

Powered by Galaxy AI, all-new Now Nudge can pick up on context on your screen and prompt you with helpful shortcuts. It intelligently minimises the steps to your next action and even provides Autofill suggestions.

Photos can be found and sent more easily. If someone asks for pictures from a recent trip, Now Nudge will understand which snaps you'll need and find them for you. It'll then take you to these specific photos in your Gallery, allowing you to select and send in just a few taps.

### **Now Brief**

Keep your day simplified with Now Brief. It can now track your day-to-day and understand your habits better than before. Exercise playlist recommendations and reminders about important events, like booking details and special travel moments, are now all available as bite-sized briefs sent throughout the day.

## **Find it fast and easy**

Reservation and appointment details are now just a quick search away, using everyday language. On the home screen, you can now use Finder to search for information such as preparations for an upcoming trip like flight details and reminders or notes you have saved. One search brings everything together helping you to remember where things are.

## **Bixby. Smart help, always available**

Need help fast? Ask Bixby. It's your personal device controller, now with the power to deliver a guide to help you learn how to use features and adjust settings for added convenience. If it's quick answers you need, it will even search the web for you in response to your natural, conversation-like questions.

## **Privacy by default. Protected by Knox**

**We're committed to protecting your information, while providing transparency about how it's used**

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš išsijyiant rekomenduojame pasitikrinti aktualią informaciją.

and shared.

### **On-device Protection**

Our Personal Data Engine gathers and processes your personal data safely. Then it encrypts that data and saves it onto your device with KEEP and Knox Vault, making it harder for anyone else to gain access.

### **Tailored Controls**

Take control over your Galaxy AI. You decide where it gets processed, either on-device or in the cloud.

### **Connected Security**

Knox Matrix Trust Chain technology provides security across Galaxy connected devices so you can monitor the security of other devices right from your Galaxy smartphone.

### **Circle it, find it**

Use Circle to Search with Google to find multiple items of a look by simply circling an outfit on your screen, and it will help you find every piece — from tops to footwear and everything in between — all in one search. You can circle it, search it and find the look, all from exactly where you are.

## **ONE UI 8.5**

### **Your Galaxy. Your way**

Built to adapt to you, One UI 8.5 personalises your Galaxy based on how you use it day-to-day. Designed to be simple and intuitive, contextual reminders from Now Brief and intelligent suggestions from all-new Now Nudge and AI Select make daily tasks easier in just a tap.

## **WHY SWITCH TO GALAXY**

### **Switching made simple**

Imagine where our most powerful devices could take you. Switch to Galaxy and discover a world where all of your technology works together seamlessly, keeping you connected and in control.
