- **Dolby Vision:** Delivers stunning brightness, contrast, and color through precise light/dark adjustments and a wider color palette.
- **Full Range HDR:** Compatible with Dolby Vision, HDR10+, HDR10, and HLG formats, optimizing brightness, contrast, and color accuracy for each scene.
- **120Hz HSR:** High refresh rate ensures a seamless and clear viewing experience, eliminating ghosting and trailing.
- **MEMC:** Reduces motion blur and trailing by calculating object motion and inserting frames for enhanced video smoothness.
- **Multiple Eye Care:** Advanced eye protection system minimizes eye strain and reduces myopia risk with flicker-free technology, blue light reduction, and ambient light adaptation.
- **Dolby Audio:** Experience redefined sound with precision and passion in every note, beat, and word.
- **Google TV:** Personalize your TV with suggestions based on your viewing history and interests.
- **Hey Google:** Use hands-free voice control to ask Google about the weather, sports scores, and more, and control compatible smart home devices.
- **Kid's Profile:** Offers age-suitable content, time limits, safety features, and eye-protection for young viewers.
- **Google Meet:** Enables remote meetings, calls, and screen-sharing for efficient online collaboration.
- **Chromecast built-in:** Stream media from your devices to the TV via Wi-Fi with easy operation and high-quality audio.
- **Find My Remote:** Easily locate your remote with an audible alert.

**DREAME** is dedicated to enhancing lifestyles through innovative technology, delivering premium products that combine cutting-edge performance with user-friendly design.

## **120Hz VRR**

Smooth gameplay no screen tearing.

## **MEMC**

Reduce motion blur and trailing in the picture.

## **Dolby Vision**

Stunning brightness, contrast, and color.

## **Dreamind™ AI Processor**

Faster, smoother experiences.

## **Vivid, lifelike visuals**

QLED+ combines quantum dot technology with advanced algorithms to improve the accuracy and intensity of colors, thus presenting more delicate and refined images.

## **Dreamind™ AI Processor**

### **Faster, smoother experiences**

Dreamind™ AI Processor enhances image quality by analyzing and refining each frame in real time. It leverages DREAME's extensive picture quality database to deliver vibrant colors and fine details.

## **Dolby Vision**

### **Stunning brightness, contrast, and color**

Enhances every scene with stunning brightness, contrast, and vivid color via precise light/dark adjustments and a wider palette for immersive visuals.

## **Full Range HDR**

### **Precise colors, balanced light and shade**

Q100 is compatible with all major HDR formats, including Dolby Vision, HDR10+, HDR10, and Hybrid Log-Gamma (HLG). Enjoy the widest range of HDR content, with optimized brightness, contrast, and color accuracy for each scene.

## **120Hz HSR**

### **Smooth viewing and new gaming experience**

The display achieves a high refresh rate with 120Hz HSR Technology. This ensures a seamless and clear viewing experience, eliminating concerns about ghosting and trailing.

## **MEMC**

### **Reduce motion blur and trailing in the picture**

It calculates object motion in videos, inserts frames to reduce blur and trailing, thus enhancing video smoothness.

## **Multiple Eye Care**

### **Caring for your vision's future**

Our advanced eye protection system combines flicker-free technology, blue light reduction, and ambient light adaptation to minimize eye strain and reduce myopia risk, ensuring comfortable viewing for the whole family.

## **Dolby Audio**

### **Sound, redefined**

The science of sound, the art of immersion. Our technology ensures every note, every beat, and every word is delivered with precision and passion, making your audio journey unforgettable.

## **Bluetooth Audio**

Turn off the TV screen, switch to the audio mode, and it will instantly transform into your exclusive concert.

## **Dynamic background**

Adaptive visuals synced to content

## **Dynamic lyrics**

Synced lyrics that move with the music

## **Display off**

Turn off the screen while keeping audio active

## **Seamless Sync & Smart Assist for Effortless Use**

## **Google TV**

### **Personalize your TV**

Discover new movies and shows from across your subscriptions and content available to you. Suggestions based on what you've watched and what interests you make it easier to find your next favorite.

## **Hey Google**

### **Hands-free voice control**

Your TV is now more helpful than ever. Ask Google about the weather, sports scores, and more, and get answers right on screen. View and control your compatible smart home devices using your voice.

## **Kid's Profile**

### **Safe, fun content for young viewers**

The Children's Viewing Mode offers age-suitable content, time limits, safety features, eye-protection, simple operation, and may include interactive learning, ensuring a healthy and engaging viewing experience for kids.

## **Google Meet**

### **Get closer through google meet**

Google Meet, a video conferencing tool by Google, enables remote meetings, calls and screen-sharing. It suits businesses, schools and individuals for efficient online collaboration.

## **Google Photos**

### **Your private photo album**

Google Photos, developed by Google, is a photo storage and sharing service. It offers auto-backup, search, and editing features, along with AI-powered tools.

## **Chromecast built-in**

### **Multi-screen interaction and one-click screen mirroring**

Chromecast built-in, a Google-developed tech, enables users to stream media from devices to compatible TVs or speakers via Wi-Fi. It offers easy operation and high-quality audio, and is available in some devices or via a dongle.
