Flex your best angles

The camera on Galaxy Z Flip7 FE automatically detects low light with Nightography, cleaning up noise and increasing sharpness even in the shadows. Tap the Dual Preview button and the Cover Screen shows your subject a preview for easy framing and posing.

The FlexCam stands on its own — literally. Put Galaxy Z Flip7 in FlexMode to capture scenes hands-free, or go camcorder-style with one-handed controls.

Receive a personalized summary of your day from Now Brief. Tailored insights, such as the latest weather and Energy Score, are all available at just a glance.

Ask Gemini about what you see
