Sharp MultiSync EA272Q 27-inch Monitor

The Sharp MultiSync® EA272Q monitor offers maximum screen real estate with minimal cable clutter, perfect for detail-rich applications. Its high pixel density QuadHD resolution and 27-inch active screen area provide an expansive digital canvas, enhancing productivity for personal workspaces. Extend your visual command even further with a near uninterrupted multi-screen configuration, thanks to its ultra-narrow bezel and DisplayPort OUT daisy-chain feature.

Features:

Sharp MultiSync® EA272Q - maximum screen estate, minimum cable clutter

For detail-rich applications, the high pixel density QuadHD resolution coupled with 27-inch active screen area results in an expansive digital canvas for the most productive personal workspaces. Extend your visual command even further with a near uninterrupted multi-screen configuration with ultra-narrow bezel and DisplayPort OUT daisy-chain.

Featuring powerful 90W USB Type-C connectivity and embedded LAN, the EA272Q becomes a fully functioning Docking Hub solution. With just a single cable to connect notebook/PC to the display whilst powering your device, workspace remains clear of cable clutter and e-waste is minimised. The display's sustainable functionality continues, achieving energy savings of up to 30% by enabling sensor technology to automatically reduce brightness or power down as appropriate to usage scenarios.

Prioritising user wellbeing, the 150mm height adjustable stand and ergonomic features are easily adjusted to suit individual user requirements whilst low-blue light and flicker-free technologies ensure eye-pleasing comfort and protection.
