Superior Visuals and Fluid Motion

Enjoy consistently smooth visuals regardless of your content, thanks to the combination of a high refresh rate and rapid response time.

- **Stunning FHD IPS Panel:** The 21.45-inch Full HD (1920 x 1080) IPS panel delivers a wide palette of 16.7 million colors, providing stunning detail and realism. Wide 178° viewing angles ensure excellent image quality from virtually any perspective.
- **100 Hz Refresh Rate:** Achieve smoother animation in videos, demanding work applications, and casual games, providing a superior experience compared to standard 60Hz monitors.
- **Rapid Response:** A quick 1ms Moving Picture Response Time (MPRT) reduces smearing and motion blur, ensuring clarity during fast-paced action.
- **Adaptive-Sync Technology:** Eliminate screen tearing and choppy frame rates, delivering ultra-smooth and immersive gameplay for casual gaming.

Advanced Eye Care and Hygiene Technology

The VY229HF incorporates TÜV Rheinland-certified technologies to protect your eyes during extended use, alongside innovative hygiene features.

- **Adjustable Blue Light Filter:** The integrated ASUS Blue Light Filter is TÜV Rheinland-certified to shield eyes from harmful blue light. Settings are easily accessible and adjustable via an intuitive slider in the OSD menu.
- **Flicker Free Technology:** TÜV Rheinland-certified ASUS Flicker Free technology reduces onscreen flicker, helping to minimize instances of eyestrain and fatigue resulting from long hours in front of the display.
- **Antibacterial Treatment:** The monitor features an antibacterial ionic silver treatment on key areas like the bezels and hotkeys. This proprietary coating prevents bacteria adhesion by up to 99.9%, keeping the monitor clean and hygienic.

ASUS GamePlus Features

ASUS-exclusive GamePlus hotkey provides in-game enhancements co-developed with input from professional gamers. These functions help users practice and improve their gaming skills.

- Available enhancements include Crosshair, Timer, FPS counter, and Display Alignment tools.

EYE CARE GAMING MONITOR

LEARN, WORK & PLAY, THE HEALTHY WAY

ASUS VY229HF Eye Care Gaming monitor is designed with your health in mind. It features ASUS Eye Care Plus technology, a proprietary long-lasting antibacterial treatment on the bezels and hotkeys, and an advanced IPS FHD panel that delivers exceptional visuals. Ideal for eLearning, work or entertainment, the combination of a 100 Hz refresh rate and Adaptive-Sync technology ensures you'll enjoy consistently smooth visuals with any content.

Fluid viewing experience with 100Hz Smooth Motion

Giving you more fluid animation in video, casual gaming, and day-to-day work, can all benefit from the smoother-than-ever experience.

IPS panel technology for an astounding 16.7 million colors

The 21.45-inch FHD (1920 x 1080) IPS panel offers a palette of 16.7 million colors, so photos and videos have stunning detail and realism. The panel also offers 178° viewing angles to ensure excellent image quality from almost any perspective.

100 Hz refresh rate and Adaptive-Sync technology for smooth visuals

A 100Hz refresh rate and 1ms Moving Picture Response Time (MPRT) help reduce smearing and motion blur, making VY229HF perfect for fast-paced games that require quick reactions to what's happening onscreen. In addition, Adaptive-Sync technology helps eliminate screen tearing and choppy frame rates for ultra-smooth gameplay.

ASUS-exclusive GamePlus Technology

When it comes to design, ASUS always has customers in mind – ASUS exclusive GamePlus hotkey with Crosshair, Timer, FPS counter and Display Alignment functions to give you in-game

enhancements that help you get more out of your game. This function is co-developed with input

from pro gamers, allowing them to practice and improve their gaming skills.

Adjustable ASUS Blue Light Filter

An integrated TÜV Rheinland-certified ASUS Blue Light Filter protects eyes from harmful blue light. Settings can be quickly accessed via the onscreen display (OSD) menu, and an intuitive slider makes it easy to adjust filter levels to suit any scenario or user preference.

Flicker Free Technology

Say goodbye to tired, strained eyes

Integrated TÜV Rheinland-certified ASUS Flicker Free technology reduces onscreen flicker to ensure comfortable viewing. This technology helps minimize instances of eyestrain that can result from long sessions in front of a display.

Long-lasting antibacterial treatment

Stay clean, stay healthy

The bezels and hotkeys on VY229HF feature an antibacterial ionic silver treatment¹. By preventing bacteria adhesion² by up to 99.9%, it keeps key areas of the monitor clean and hygienic, potentially reducing the spread of harmful bacteria.

VY229HF has been subjected to the ISO 22196 Antimicrobial Activity and Efficacy tests conducted by independent testing lab TÜV SÜD.

How Ionic Silver works

Positively-charged silver (Ag⁺) ions bind with the cell walls of negatively-charged microbes and bacteria, disrupting their internal functions and killing them off.
