943.99€

The Lenovo ThinkCentre M70q Gen 6 combines compactness and power to meet a wide range of business needs. Its ultra-small form factor is designed to optimize space without sacrificing performance, making it an ideal choice for modern work environments. Equipped with a powerful Intel Core Ultra 5 processor and 10 cores, this personal computer ensures smooth multitasking and efficient operation even under heavy workloads.

With advanced connectivity options, including HDMI, USB-C 3.2 Gen 2, and Ethernet, this device supports various peripherals for a customizable workstation. The use of DDR5 SDRAM offers faster data transfer rates, enhancing overall system performance. The integrated security features like the Discrete Trusted Platform Module (TPM 2.0) help protect sensitive data, ensuring that the device
