Aprašymas

Clear video collaboration at work

IRIS is the ideal device for the office of the future. With the plug & play installation, you can change any office space into a fully- fledged video conference room in no time. It offers both your staff and your clients the freedom to work together optimally while maintaining a safe distance.

IRIS is compatible with Teams, Zoom, Google Meet, GoToMeeting, Webex or any other online video chat application and enables up to eight people to be clearly visible and audible in the same room, at a distance from each other. Iris offers a number of clear technical advantages, such as the extensive settings for the camera and sound quality.

Just plug & play

IRIS is ready for use within minutes. You simply remove the product from the box and connect it to your laptop. Ready! You can now start a meeting straight away. Use the remote control to manage the display and sound at the push of a button for an interactive meeting.

ClearView technology with 4K resolution and a 120° wide angle view

IRIS ClearView technology contains an HD sensor with an amazing image resolution and wide angle view. This offers a high definition and full-body display of every person in the room without them having to sit shoulder to shoulder.

IRIS offers several options for tracking and framing individual participants. The dynamic range function ensures clear image in any light condition. Finally, IRIS is equipped with voice tracking, where the camera automatically turns and zooms in on the person speaking.

ClearSound technology for great audio performance

IRIS ClearSound technology contains a high-end quality speaker optimized for voice audio. Sounds are automatically filtered from any vibrations to prevent resonance to offer you a great audio experience.

The built-in microphone array has a pick-up range up to 5 meters and follows an algorithm to make sure every participant is clearly audible, wherever they are seated. The noise cancelling function ensures that ambient noise will not disturb your meeting.

IRIS fits any meeting room, big or small

One of the great benefits IRIS offers is the fact it turns any small meeting room into a fully- fledged video conference room. IRIS’ wide angle lens and great microphone array ensures a perfect video conference experience for any meeting from 2 up to 8 people sitting at a safe distance from each other.

Techninė specifikacija

Performance
