Experience breathtaking 4K Ultra HD resolution (3840 x 2160) across a generous 31.5-inch screen. The UltraSharp U3225QE combines high resolution with a fluid 120Hz refresh rate, ensuring exceptionally sharp images and smooth, responsive scrolling, essential for video editing and demanding graphical interfaces.

- **4K Ultra HD Resolution:** Crystal-clear details with 3840 x 2160 pixels.
- **120Hz Refresh Rate:** Ensures fluid motion and responsiveness.
- **DisplayHDR 600 Certified:** Brings outstanding brightness, vivid color, and deep contrast to your content.

## IPS Black Technology: Deeper Contrast and Accuracy

IPS Black technology elevates your viewing experience by achieving a remarkable 3000:1 contrast ratio, offering 1.2 times more contrast than standard IPS panels. This results in truly deep blacks and meticulous shadow detail, crucial for accurate visual assessment and color grading.

## Enhanced Eye Comfort and Seamless Connectivity

Protect your eyes during long working sessions with improved ComfortView Plus, a hardware solution that reduces harmful blue light emissions without compromising color fidelity. The integrated ambient light sensor automatically adjusts screen brightness based on your surroundings, ensuring optimal viewing conditions throughout the day. The U3225QE also features a built-in USB 3.2 Gen 2 hub for high-speed data transfer and simplified connection of all your peripherals.

- **ComfortView Plus:** Built-in low blue light technology for reduced eye strain.
- **Ambient Light Sensor:** Automatically adjusts brightness for dynamic comfort.
- **Integrated USB Hub:** Featuring USB 3.2 Gen 2 for fast connectivity.
- **VESA Mounting and Height Adjustment:** Ergonomic flexibility for personalized setup.

**DELL** is a global technology leader known for manufacturing high-quality, reliable, and innovative computing equipment and monitors tailored for both business and professional users.
