Aprašymas

Bigger on the Inside

Compressing ATX compatibility into the smallest footprint possible, the Airface Pure Pro continues the Airface legacy with a sleek, compact mid-tower form factor, featuring an ultraslim ventilation-optimized perforated panel with an iconic grooved frame.

Less Is More

Lean and ultra–compact, the Airface Pure Pro is the smallest size possible for ATX compatibility, featuring an ultraslim front panel and thinner frame.

Iconic Design

The Airface Pure Pro carries forward the signature design elements of the Airface series, featuring a grooved frame and a ventilation-optimized perforated ultraslim front panel, integrating these iconic details into a sleek and compact mid-tower form factor.

Alternative Aesthetics

The chamfered edges of the Airface Pure Pro create a continuous profile, offering an alternative aesthetic to the sharp lines and hard angles of traditionally designed cases, as well as making the case more gentle on the hands during handling.
