Astonishing Clarity and Focus with Nano Matte Panel

Experience code and content with unparalleled sharpness thanks to the 4K Ultra HD resolution and an exceptional 2000:1 contrast ratio, delivering deeper blacks and vivid details. The exclusive Nano Matte Panel technology significantly minimizes screen reflection, allowing you to absorb your code comfortably and enter the coding flow instantly, even in bright environments. With 98% P3 color gamut support and HDR10/DisplayHDR 400 compatibility, visuals are always accurate and immersive.

Optimized for Coding Excellence

- **Exclusive Coding Modes:** Dedicated dark and light themes enhance font clarity and code differentiation, reducing eye strain during development.
- **MoonHalo Illumination:** Experience optimal focus with the integrated MoonHalo light, which provides customizable color temperature and brightness, featuring Auto Dimming (B.I. Gen2) for dynamic ambient light adjustments.
- **Night Hours Protection:** Features minimum brightness technology and intelligent ambient light detection for reduced eye strain during late-night work or in dark room environments.
- **Display Clarity:** IPS technology ensures wide 178° viewing angles, and the fast 5 ms response time handles dynamic content smoothly.

Superior Connectivity and Ergonomics

Designed for multi-device efficiency, the RD320UA features robust connectivity options and an ergonomic design that ensures infinite desk flexibility.

Key Features for Productivity:

- **KVM Switch:** The built-in KVM (Keyboard, Video, Mouse) switch allows you to control multiple computers using a single peripheral set, enabling seamless source switching and maximum efficiency.
- **USB-C Power Delivery (90W):** Connect, transmit data/video, and charge your compatible laptop or mobile device simultaneously through a single USB Type-C cable, streamlining your workspace. Supports Multi-Stream Transport (MST) for easy daisy chaining (up to two displays).

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

- **Flexible Adjustments:** The monitor includes an Ergo Arm Stand, offering extensive height, tilt, swivel, and 90° pivot (rotation) adjustments for achieving the optimal posture and viewing comfort.
- **DualView Plus & PBP/PIP:** Optimize screen space by displaying content from two sources simultaneously (PBP/PIP) and customize color modes for different applications on the split screen.
- **TÜV Rheinland Certified Eye Care:** Features Flicker-Free technology and hardware-based Low Blue Light reduction, certified by TUV Rheinland and Eyesafe 2.0 for reduced eye fatigue during extended use.

BenQ is a globally recognized provider of digital lifestyle devices, known for innovative display technology and a strong commitment to quality and eye comfort features. This monitor adheres to TCO Certified Displays 9 and includes sustainable features like 85% PCR (Post-Consumer Recycled) materials in its housing.

2000:1 Contrast Ratio for Clearer Code and Stunning Visuals

Experience unparalleled clarity with a 2000:1 contrast ratio. Enjoy deeper blacks and high contrast with a premium 4K display for coding, movies, and gaming, ensuring exceptional visual performance. This enhancement not only improves image quality but also increases overall immersion, providing a more engaging and captivating experience.

Ignite Night Coding Inspiration

Whether you prefer working in a soft, ambient glow, complete darkness during late-night hours, or complete darkness during late-night work, we've got you covered for long-lasting eye care.

Effortless Comfort with Night Hours Protection

Benefit from minimum brightness technology for reduced eye strain, discover enhanced eye protection during night hours and dark room usage with our Night Hours Protection. Its intelligent ambient light detection and auto-switch capabilities require minimal user intervention, ensuring effortless and consistent eye care.

Experience Focus Anytime with MoonHalo

Experience MoonHalo by BenQ – a seamless blend of immersive illumination and comforting ambiance. With customizable color temperature, brightness, and light modes, along with Auto Dimming powered by B.I. Gen2, MoonHalo ensures optimal eye protection and focus, anytime whether you're working from home or the office.

Designed for Coding Excellence

Exclusive Coding Modes Boost Productivity

BenQ's advanced coding modes deliver clear fonts and better code differentiation, reducing eye strain. Choose from dark and light themes and easily adjust brightness, sharpness, and contrast for optimal coding.

Instant Coding with Hotkey and Function Bar

Effortlessly boost productivity with our unique Coding HotKey and Function Bar designs. With a swift press of the Coding HotKey at the heart of the function bar, immerse yourself instantly into the coding realm.

Infinite Desk Flexibility for Programmers

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. BenQ Ergo Arm enhances flexibility and provides the optimal screen position for a more comfortable and productive user experience.

Optimal Posture, Superior Output

Relieve prolonged neck and body aches. BenQ Programming Monitors prioritize your comfort for long-term projects and support pivot and VESA mounting.

Ergo Arm Stand : Elevating Coders' Desks with Infinite Flexibility

BenQ Ergo Arm enhances flexibility and provides the optimal screen position for a more comfortable and productive user experience.

Quick Connectivity with Easy Plug and Play

BenQ Programming Monitor offers ample port options, including USB Type-C for all-in-one connectivity, meeting your multitasking needs.

Unified Integration with KVM Switching

Maximum efficiency through unified integration with diverse devices and built-in KVM (keyboard, video, mouse) for seamless source switching.

Daisy Chain with the 90W USB Type-C

Multi-Stream Transport Technology allows you to extend screens across multiple displays using the USB Type-C. The 90W USB Type-C carries images, videos, and other data seamlessly and charges your mobile devices simultaneously with one cable.

Please note that Mac® and MacBook® devices only support daisy chaining via Thunderbolt. Daisy chaining is not supported via HDMI or using regular USB ports on any device. Also, you can only connect a single external display using a Mac device with the M1 or M2 chips. For more information about connecting different models of Mac devices to external displays, please refer to the Apple website.

Effortless Multi-Device Display with PIP/PBP and DualView Plus

DualView Plus simplifies multi-device displays by letting you customize color modes across applications or windows. With support for PIP and PBP, you can easily manage dual-source or single-source viewing.

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

www.shopro.lt | info@shopro.lt | +370 693 39903

Optimize Productivity with PIP and PBP

PIP (Picture-in-Picture) and PBP (Picture-by-Picture) efficiently optimize screen space. PIP overlays a secondary window for multitasking, while PBP splits the screen to display content from multiple sources, boosting productivity.

DualView Plus Displays Versatile Color Modes

DualView Plus with PIP/PBP not only displays dual sources simultaneously but also allows different color modes for each screen.

Set Displays with Mouse and Keyboard via Display Pilot 2

Display Pilot 2 caters to your needs, allowing easy arrangement of functions like MoonHalo, Night Hours Protection, and Auto Pivot. Display Pilot 2 for the BenQ programming series also offers software features specifically designed for programmers, including FloW, Shortcuts, Desktop Partition, Application Mode, Software Dimming, and Circadian Mode.

FloW Tailored Screen Performance for Your Day

We understand your need for precise planning. By learning your habits, BenQ RD320UA's FloW will seamlessly adapt to your needs, transitioning between different scenarios and based on preset schedules to support your busy day.

Easily Adjust Built-in MoonHalo Light

With Display Pilot 2, MoonHalo seamlessly syncs with your monitor for easy adjustments of switch, brightness, color temperature, light mode, and non-stop mode.

Circadian Mode for All-Day Comfort and Soothing Ambiance

BenQ Low Blue Light Plus includes Circadian Mode, which automatically adjusts your screen's color temperature throughout the day, mirroring the natural sunrise-to-sunset cycle. Enjoy eye comfort worry-free.

Assign Different Modes to Applications

Application Mode makes it easy to assign different color modes and remembers your frequently used settings for upcoming applications.

Customizable Desktop Partitions for Your Workspace

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

www.shopro.lt | info@shopro.lt | +370 693 39903

Launch Desktop Partition and drag the application you're working with into partitions by using preset templates or by customizing your own layouts.

Double Your Coding Speed with Shortcuts

Display Pilot 2 now stores an additional set of copy-and-paste functions, enhancing coding efficiency. Additionally, BenQ's exclusive Shortcuts allow quick access to pre-set keyboard shortcuts for specific common functions.

Keep Your Eyes Fatigue-Free

Experience unmatched eye comfort with our Brightness Intelligence Gen2. BenQ Eye-Care Technology is dedicated to enhancing your visual comfort.

Brightness Intelligence Gen2

BenQ B.I. Gen2 emphasizes automatic detection of environmental brightness for automated screen brightness adjustments, while also providing the option for manually fine-tuning the brightness.

TUV Certified Reflection-Free for Clear Coding

TÜV Reflection Free Certificated ensures coding with minimized distractions. Global safety authority TÜV Rheinland also certifies RD320UA's Low Blue Light as truly friendly to the human eye. Eyesafe 2.0 certification ensures that the display reduces blue light while maintaining vivid color.

BenQ's Green Commitment : A Vision of Sustainability

BenQ prioritizes eco-friendly practices in our product development, underlining our commitment to sustainability.

85% PCR

The housing of monitors is made with 85% PCR (Post-Consumer Recycled) materials, contributing to environmentally conscious production practices.

Recyclable Cardboard Packing

We package our monitors in recyclable cardboard, minimizing our environmental impact and promoting eco-friendliness.

Auto Power Off

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

www.shopro.lt | info@shopro.lt | +370 693 39903

The Auto Power Off of our feature allows users to automatically power down the screen after 10, 20, or 30 minutes of inactivity, conserving energy and further promoting sustainability.

EcoPrivacy

Save power and safeguard screen privacy effortlessly with our feature that automatically dims your monitor during inactivity.

The BenQ RD320UA 31.5-inch LED-backlit LCD monitor is designed for both work and play, offering vibrant visuals with a native resolution of 3840 x 2160 and a brightness of 400 cd/m². The display features a 2000:1 contrast ratio and wide viewing angles of 178 degrees both horizontally and vertically, ensuring clear images from any position. Advanced technologies such as Flicker-Free, Low Blue Light Plus, and HDR10 compatibility enhance eye comfort and image quality, making it suitable for long hours of use. Equipped with built-in KVM switch and USB-C hub, this monitor allows for easy connectivity and efficient workspace management. Features like Auto Brightness Adjustment, Picture-by-Picture (PBP), and various display modes including Game Mode and Cinema Mode provide a tailored viewing experience. Its ergonomic design, with tilt and height adjustments, ensures comfort during extended use, while ENERGY STAR certification highlights energy efficiency without compromising performance.
