home entertainment applications, such as watching movies, editing files, or playing video games. DisplayPort, HDMI ports and a DVI input offer flexible connectivity for both general use and entertainment.

Curved Screen Immersion

With an 1800R screen curvature, VX2458-C-mhd provides a truly immersive viewing experience that lets you enjoy big, bold and stunning panoramic views whether you are working or playing.

Ultra Response Time for Clear and Broadcast-quality Videos

With a stunningly quick 1ms response time, this monitor delivers smooth images without streaking, blurring, or ghosting. This blazing-fast response time is perfect for the most graphic-intense gaming, and provides amazing visual quality while watching sports or action movies. Experience digital broadcast quality and full-motion videos with razor-sharp images that never blur.

144Hz Refresh Rate and AMD FreeSync™

With a swift 144Hz refresh rate, this monitor delivers great visual fluidity and flawless graphics no matter how quickly the in-game action unfolds. With AMD FreeSync technology, action is flawlessly smooth in every scene.

Low Input Lag Embedded for Seamless Viewing Experience

The monitor embedded low input lag, utilizing a monitor process reducer, which decreases signal latency. It delivers the fastest display signal from the graphics card to the display, giving users an edge against the competition.

More Viewable colour

With 85% NTSC colour coverage, this monitor covers a larger portion of the colour gamut to deliver more shades of viewable colour, ensuring that the monitor is able to meet and exceed industry colour standard and produce colour accurately.
