by RightLight 2 technology to improve image quality in suboptimal light conditions. With Brio 105, employees can feel natural and confident in every meeting.

### Designed for Business

Brio 105 is compatible with leading operating systems such as Windows and macOS. It's certified for Google Meet and Works with Chromebook, and it's compatible with most video conferencing platforms. Easily deploy and monitor Brio 105 with Logitech Sync. Three-year limited warranty offers peace of mind.

### Integrated Privacy Shutter

Give employees extra confidence that their privacy is protected, especially when working from home. The webcam's integrated shutter slides over the lens to completely block the camera when not in use.

### Built-in Microphone

The built-in, omnidirectional mic in Brio 105 captures audio clearly from up to 1 meter away. So conversations always sound natural and clear.

### Plug-and-Play

Brio 105 is a plug-and-play webcam that is extremely easy for employees to set up and use. Just plug it into an available USB-A port on a computer or docking station and start a video call.

### Easy Customizations

Employees can customize the video experience to their preferences using the free Logi Tune app. Logi Tune not available on ChromeOS They can adjust settings such as image quality and use the app to join meetings with just one click.
