EAN: 6941565980144

Prekės kodas: 46494

27.00€

DJI RS Pro Lower Quick-Release Plate (2024).

The lower quick-release plate features a scale on both sides and a serrated slot design on the bottom. This complements the fine-tuning knob on the gimbal's tilt axis, allowing cinematographers to perform precise, millimeter-level adjustments when changing cameras or lenses. It also facilitates a swift transition between tripods and stabilizers for the camera.
